(57) **CLAIM**

We claim, the ornamental design for a detonator module with an overmould formation, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a detonator module with an overmould formation according to the new design; FIG. 2 is a plan view of the detonator module with an overmould formation of FIG. 1; FIG. 3 is a view from a first side of the detonator module with an overmould formation of FIG. 1; FIG. 4 is a view from an opposing second side of the detonator module with an overmould formation of FIG. 1; and, FIG. 5 is an end view of the detonator module with an overmould formation of FIG. 1. The broken-lines shown in the drawings represent portions of the article that form no part of the claimed design.
