See application file for complete search history.

This application is related to commonly owned, concurrently filed application Ser. No. 29/688,293, entitled “Metal Gate and Metal Fence Panel”.

FIG. 1 is an isometric view of a fence panel of the present design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a left side elevational view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a top view thereof;

FIG. 7 is a bottom view thereof;

FIG. 8 is a front elevational view of the fence panel disposed in a series of fence panels; and,

FIG. 9 is a front elevational view of an alternative embodiment of the fence panel.

The broken lines in the figures illustrate portions of the fence panel, which forms no part of the claimed design. The broken short dash-long dash broken lines in FIG. 9 depict a symbolic break in the article. The portion between the break lines forms no part of the claimed design.
