(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with animated graphical user interface showing my design in a first state; FIG. 2 is a front view of the display screen in a second state; and,

FIG. 3 is a front view of the display screen in a third state. In the drawings, the outermost broken line rectangle showing of the display screen is included for environmental purposes only and forms no part of the claimed design. The broken lines showing Japanese characters form no part of the claimed design.

The appearance of the animated image sequentially transitions between the images shown in FIG. 1, FIG. 2 and FIG. 3. The process or period in which one image transitions to another forms no part of the claimed design.
