(57) **CLAIM**

The ornamental design for an appliance display screen or portion thereof with graphic user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of an appliance display screen or portion thereof with graphic user interface according to the design;

FIG. 2 is a front view of a second image in the sequence thereof; and,

FIG. 3 is a front view of a third image in the sequence thereof.

In the claimed drawings:

The broken lines depict portions of the article that form no part of the claimed design.

Dash-dot broken lines represent the appliance display screen as well as the bounds of the claimed design and form no part of the claimed design.

The appearance of the graphic user interface sequentially transitions between the images shown in the Figures. The process or period in which one image transitions to another forms no part of the claimed design.
