(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The patent file contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a first embodiment of a display screen or portion thereof with graphical user interface showing our new design; and,

FIG. 2 is a front view of a second embodiment thereof, shown enlarged and without the display screen for clarity of illustration.

The outer perimeter shown in evenly-spaced broken lines in FIG. 1 illustrates a display screen or portion thereof and forms no part of the claimed design. The remaining evenly-spaced broken lines in FIG. 1 illustrate portions of the graphical user interface that form no part of the claimed design. The dot-dash broken lines in FIG. 1 define boundaries of the claimed design and form no part thereof.
