(57) **CLAIM**

The ornamental design for a shoe, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a shoe showing my new
design;

FIG. 2 is a side view thereof; and,

FIG. 3 is a rear perspective view thereof.

The broken lines immediately adjacent to the shaded area
define the bounds of the claimed design and form no part
thereof. The grey fill within certain of the solid line shapes
is used as an alternative to stipple shading and does not
represent any particular color, material, texture or finish. The
broken lines depicting the remainder of the shoe show
features that form no part of the claimed design.
