(57) **CLAIM**

I claim the ornamental design for a rocket ship shaped pancake mold, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a rocket ship shaped pancake mold.

FIG. 2 is a front view of the rocket ship shaped pancake mold.

FIG. 3 is a back view of the rocket ship shaped pancake mold.

FIG. 4 is a side view of the rocket ship shaped pancake mold.

FIG. 5 is a top view of the rocket ship shaped pancake mold.

FIG. 6 is a bottom view of the rocket ship shaped pancake mold.

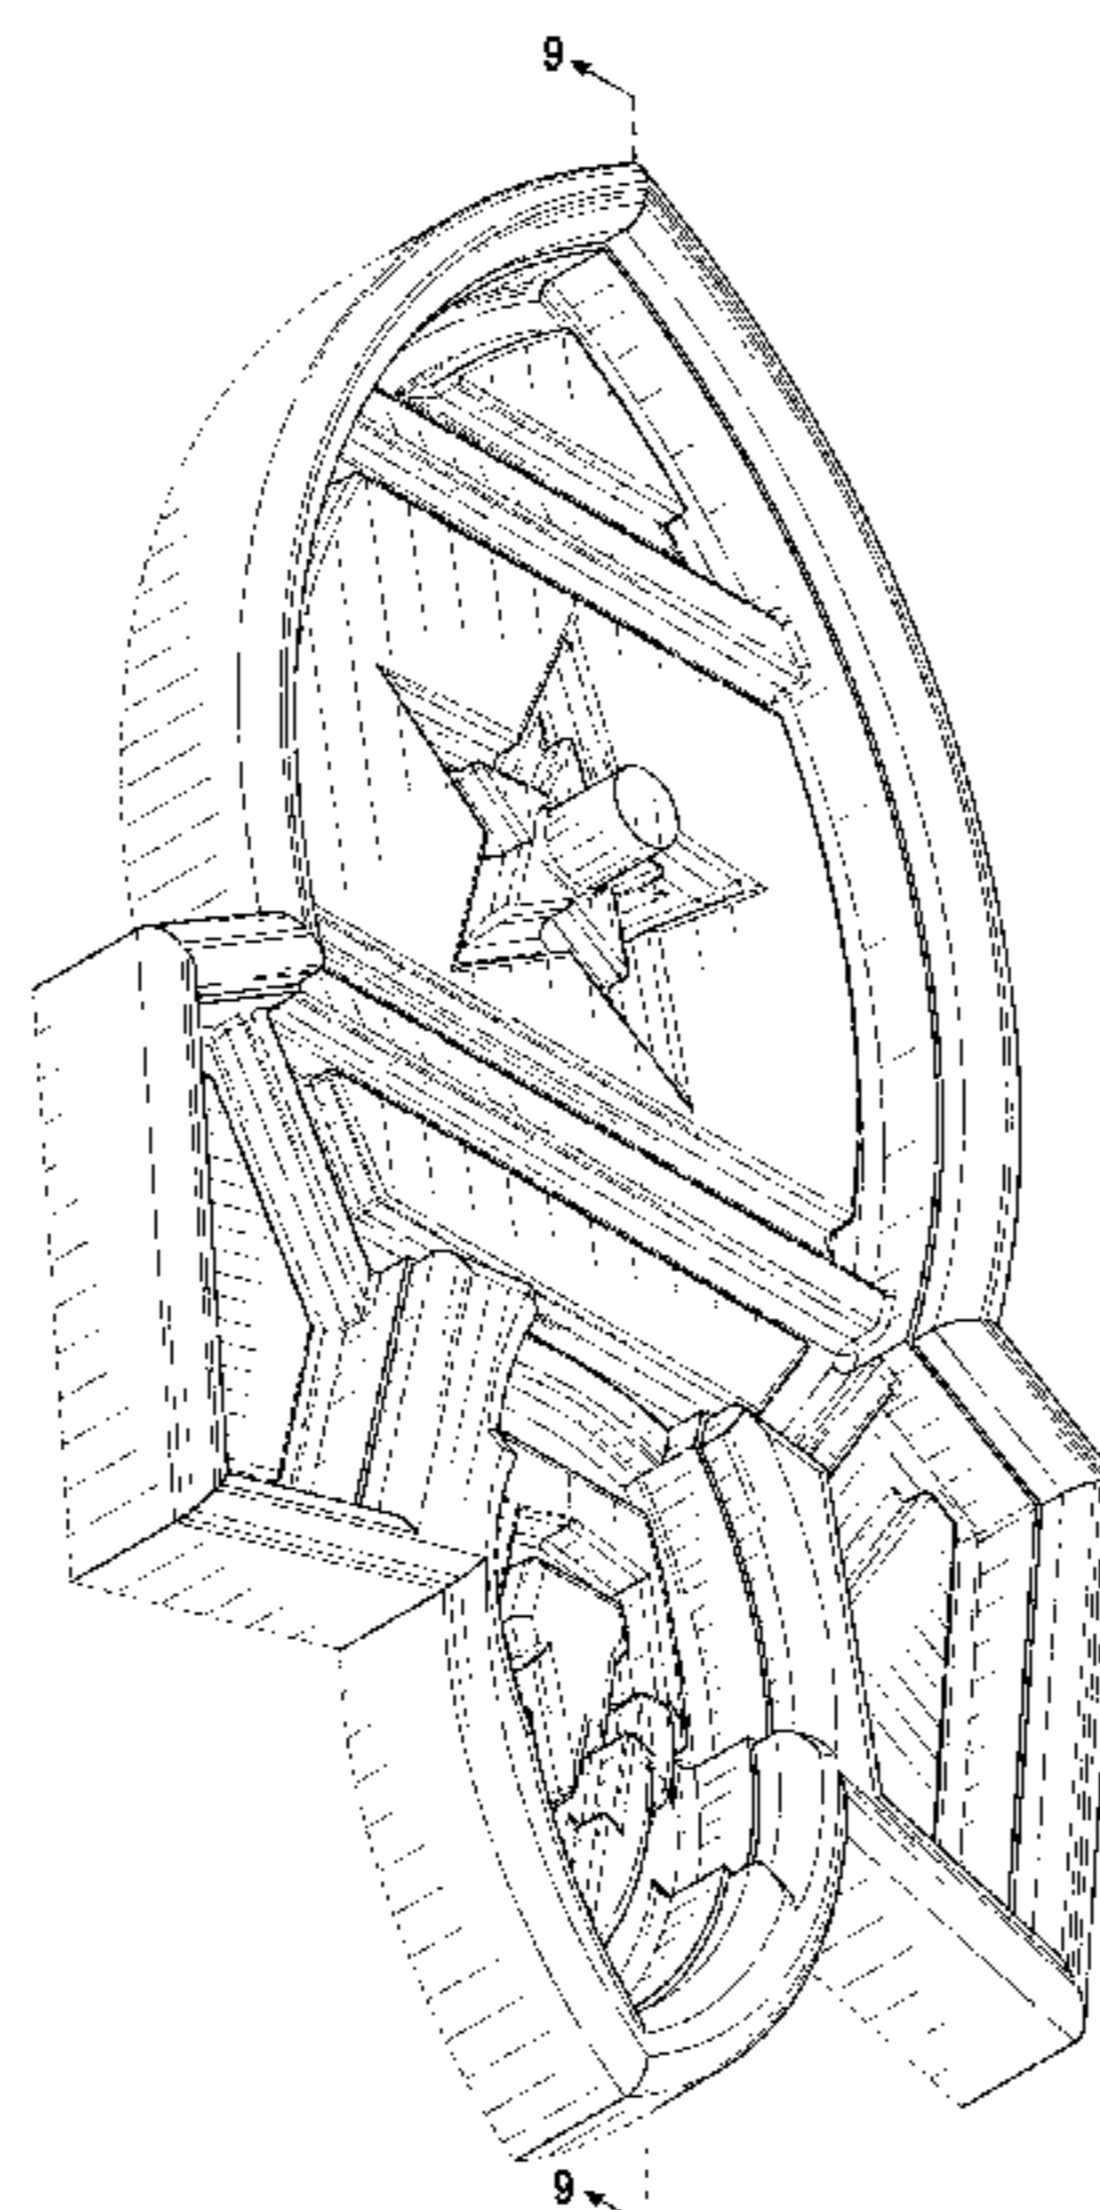

FIG. 7 is a cross-sectional view through a centerline of the rocket ship shaped pancake mold.

FIG. 8 is a back perspective view of the rocket ship shaped pancake mold; and,

FIG. 9 is a perspective view along a centerline of the rocket ship shaped pancake mold.

The dashed lines in the drawings on the back surface of the rocket ship shaped pancake mold are included to show unclaimed subject matter and form no part of the claimed design. The right side and left sides are mirror images of each other and shown as a single side view in FIG. 4. A cross-section along the centerline of the rocket ship is symmetrical along the centerline and therefore only a single side is shown in FIGS. 7 and 9.
