(57) **CLAIM**

The ornamental design for a display panel or screen with animated graphical user interface, as shown and described.

**DESCRIPTION**

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display panel or screen with a first image of an animated graphical user interface showing my new design; and,

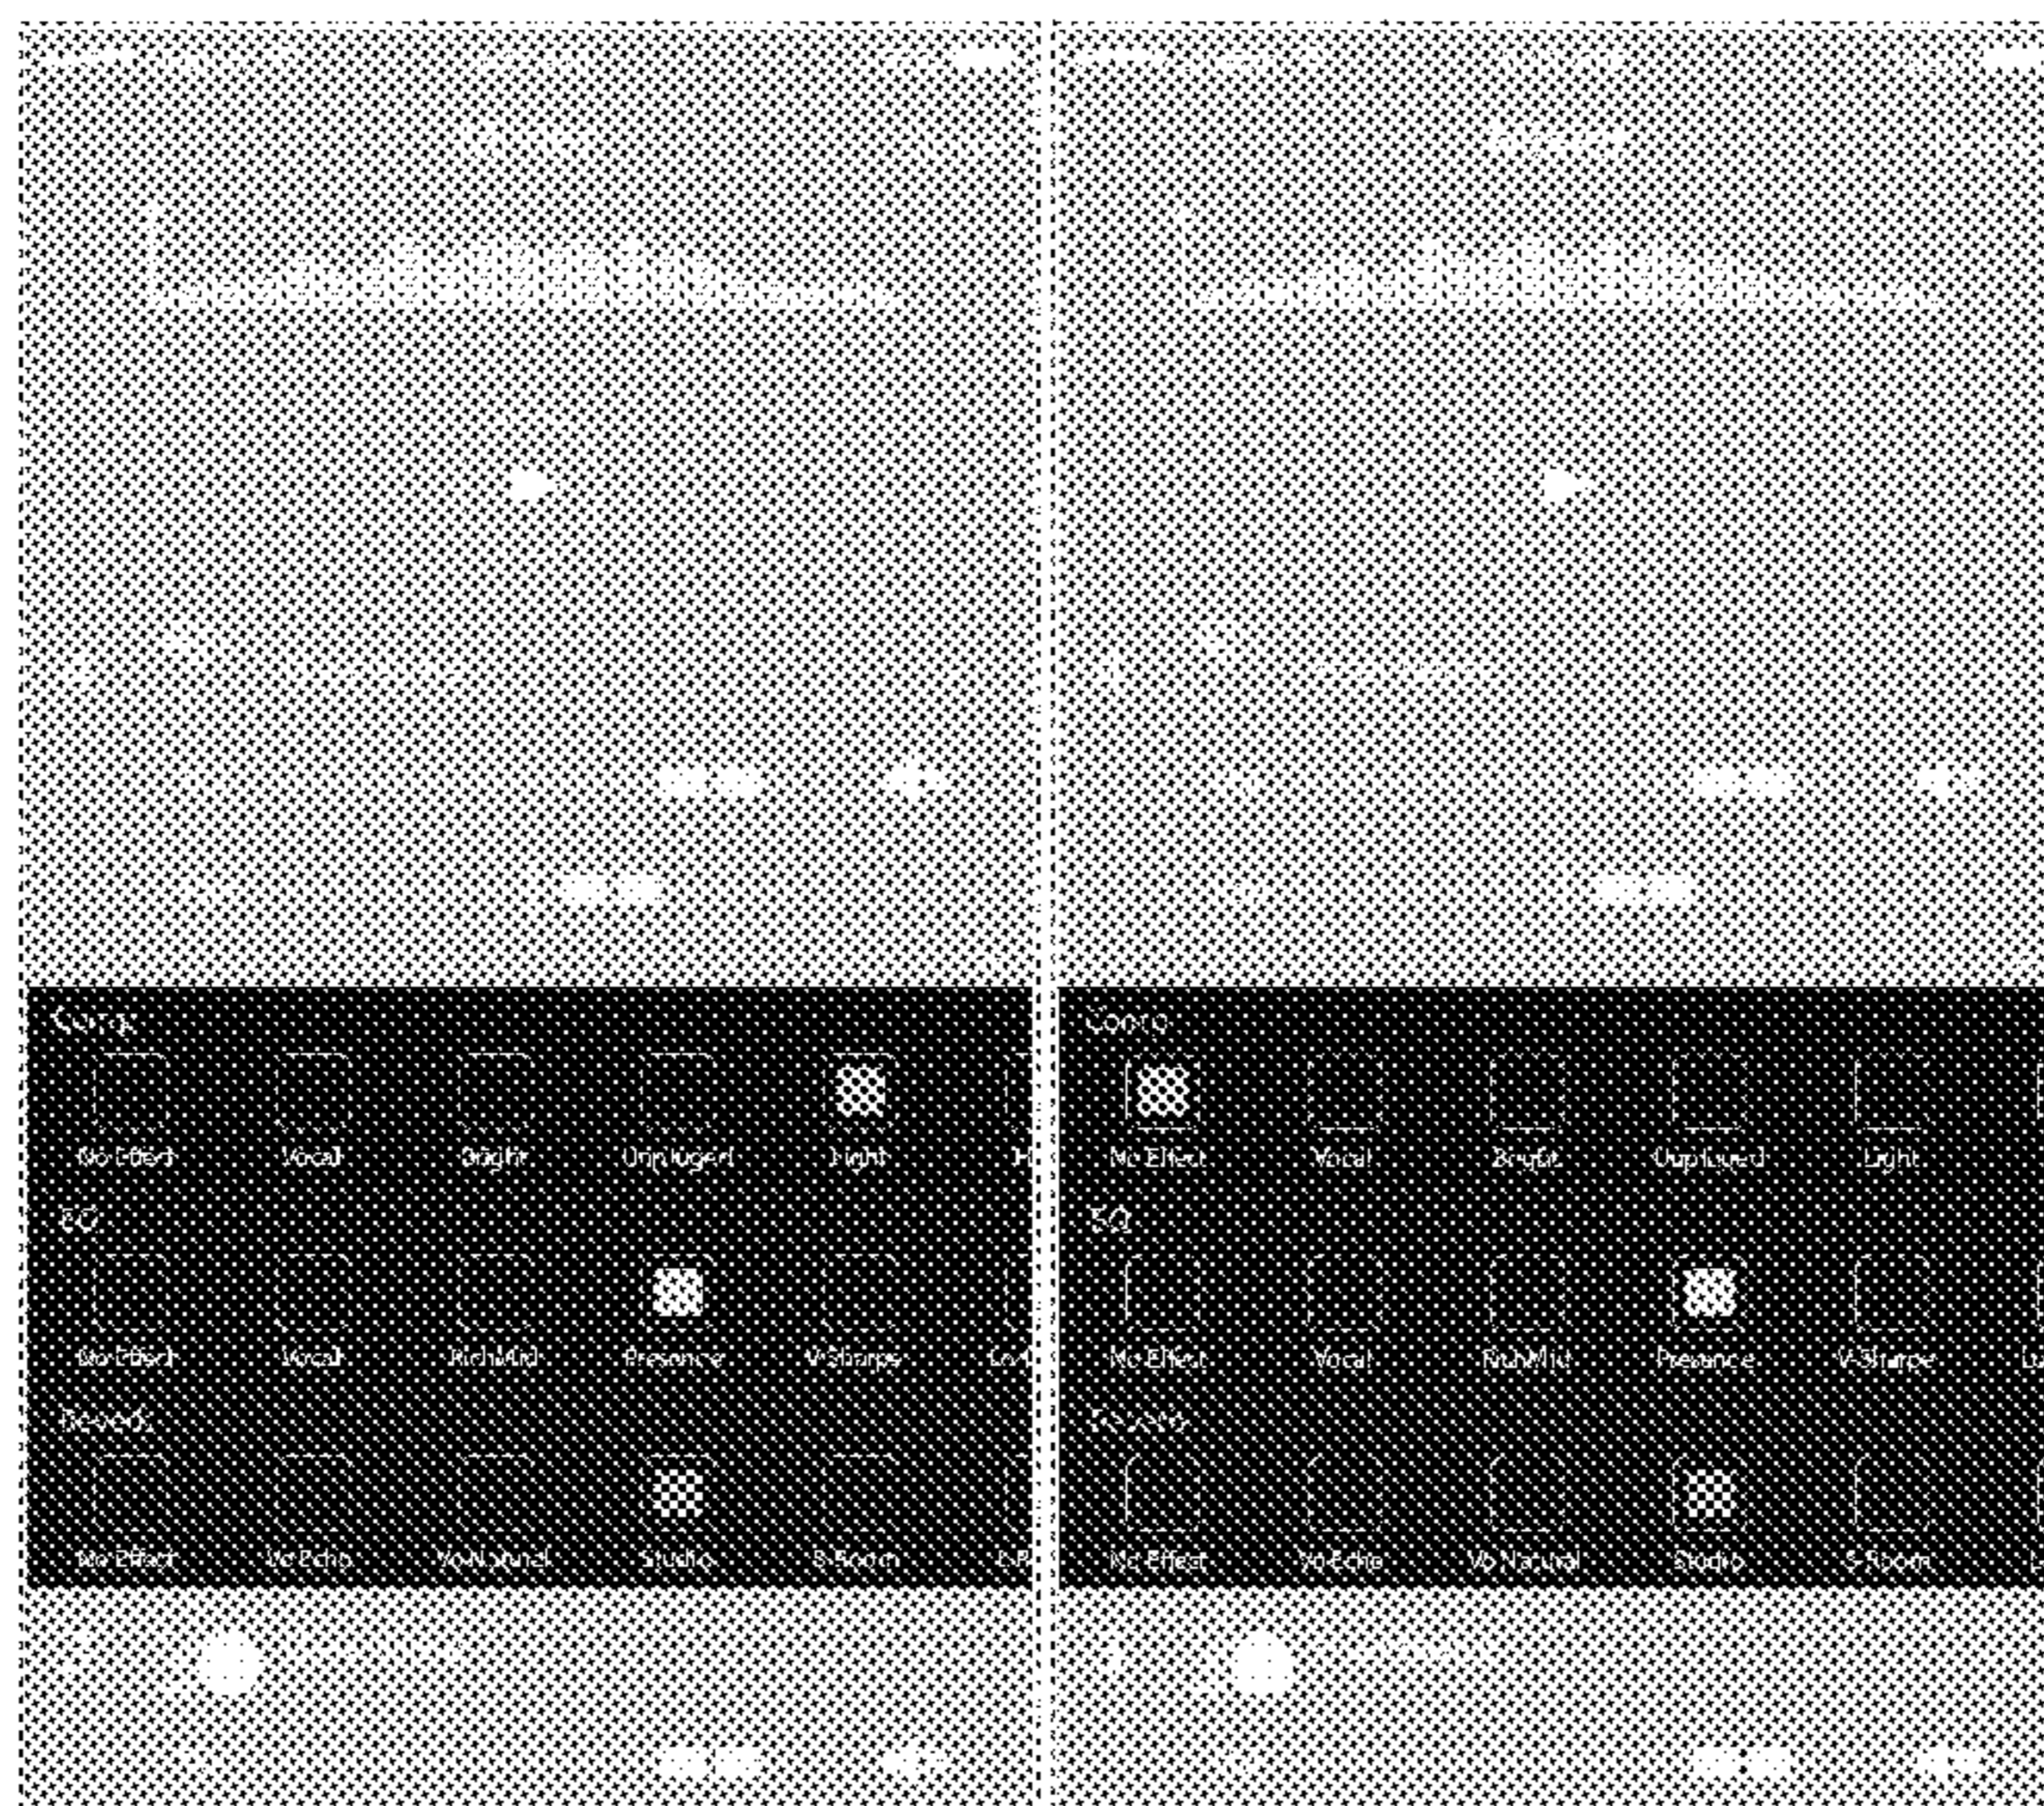

FIG. 2 is a front view thereof with a second image.

The broken lines illustrating unclaimed portions of a display panel or screen with animated graphical user interface form no part of the claimed design.

The gray portions are unclaimed portions of the graphical user interface and form no part of the claimed design.

The appearance of the image transitions sequentially between FIGS. 1 and 2. The process or period in which one image transitions to another forms no part of the claimed design.
