DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface, showing the claimed design; FIG. 2 is another embodiment thereof; and,

FIG. 3 is a front view of an electronic device having a display screen with the graphical user interface of FIG. 1 applied thereto. The graphical user interface design of FIG. 2 may be similarly applied thereto.

The outer dashed broken lines in the figures show a display screen or portion thereof, or an electronic device having a display screen, and form no part of the claimed design. The other dashed broken lines in the figures show a boundary of the graphical user interface that form no part of the claimed design.
