Stippling in the drawings represent the three-dimensional contours of the design, and is not intended to indicate surface decoration. The broken lines shown in the drawings depict portions of the decorative crown for a truck that form no part of the claimed design. Further, while the accompanying drawings include broken lines that form no part of the claimed design, the broken lines provide written description of prospective embodiments with aspects that are claimed when one or more of the broken lines are amended to solid lines. Similarly, while the solid lines in the drawings form part of the claimed design, the solid lines provide written description of prospective embodiments with aspects that are not claimed when one or more of the solid lines are amended to broken lines.
