(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 shows a display screen or portion thereof with graphical user interface showing our new design; and, FIG. 2 shows another embodiment thereof.

The peripheral dashed broken lines illustrate a display screen or portion thereof, and form no part of the claimed design.

The shorter dashed broken lines illustrate boundaries and form no part of the claimed design and the faded portion within the boundaries illustrates portions of the graphical user interface which form no part of the claimed design.
