(57) **CLAIM**

The ornamental design for an electronic device with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of an electronic device with graphical user interface, showing just the graphical user interface of FIG. 3 applied to a display screen or portion thereof;

FIG. 2 is another embodiment thereof; and, FIG. 3 is a front view of an electronic device with graphical user interface. The graphical user interface design of FIG. 2 may be similarly applied thereto.

The outer dashed broken lines in FIGS. 1 and 2 show a display screen or portion thereof, and form no part of the claimed design. The broken lines in FIG. 3 show an electronic device having a display screen, and form no part of the claimed design. The other dashed broken lines in the figures show portions of the graphical user interface that form no part of the claimed design.

The dot-dash broken lines in the figures and the areas within the dot-dash broken lines show portions of the graphical user interface that form no part of the claimed design.
