(57) CLAIM

The ornamental design for a display panel or screen or portion thereof with an animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display panel or screen or portion thereof with a first image of an animated graphical user interface showing our new design; and, FIG. 2 is a second image thereof. The appearance of the image sequentially transitions between FIGS. 1 and 2. The process or period in which an image transitions to another forms no part of the claimed design. The outer most broken lines shown in the drawings representing a display panel or screen or portion thereof form no part of the claimed design.
