(57) **CLAIM**

The ornamental design for a terminal with integral printers, as shown and described.

DESCRIPTION

FIG. 1 is a front and right side perspective view of a terminal with integral printers at a first angled position showing the new design;

FIG. 2 is a front and left side perspective view thereof;

FIG. 3 is a front elevation view thereof;

FIG. 4 is a rear elevation view thereof;

FIG. 5 is a right side elevation view thereof;

FIG. 6 is a left side elevation view thereof;

FIG. 7 is a top plan view thereof;

FIG. 8 is a bottom plan view thereof;

FIG. 9 is a front and right side perspective view thereof, shown with additional environment;

FIG. 10 is a front and left side perspective view of the terminal at a second angled position;

FIG. 11 is a left side elevation view of the terminal at the second angled position;

FIG. 12 is a front and left side perspective view of the terminal at a third angled position;

FIG. 13 is a left side elevation view of the terminal at the third angled position;

FIG. 14 a front and left side perspective view of the terminal at a fourth angled position;

FIG. 15 is a left side elevation view of the terminal at the fourth angled position;

(Continued)

FIG. 16 is a front and right side perspective view of the terminal with the front panel in an open position;
 FIG. 17 is a front and left side perspective view of the terminal in the open position;
 FIG. 18 is a front elevation view of the terminal in the open position;
 FIG. 19 is a rear elevation view of the terminal in the open position;
 FIG. 20 is a right side elevation view of the terminal in the open position;
 FIG. 21 is a left side elevation view of the terminal in the open position;
 FIG. 22 is a top plan view of the terminal in the open position;
 FIG. 23 is a bottom plan view of the terminal in the open position; and,
 FIG. 24 is a front and right side perspective view of the terminal in the open position, shown with additional environment.

The broken lines immediately adjacent to the claimed areas depict the bounds of the claimed design, while all other broken lines are directed to environment. The broken lines form no part of the claimed design.

1 Claim, 24 Drawing Sheets
