Primary Examiner — Darcey E Gottschalk

(57) **CLAIM**

What is claimed is the ornamental design for a lumbar traction device, as shown and described.

DESCRIPTION

FIG. **1** is a front perspective view of a lumbar traction device in a start position showing a new design;
FIG. **2** is a rear perspective view in the start position thereof;
FIG. **3** is a top view in the start position thereof;
FIG. **4** is a bottom view in the start position thereof;
FIG. **5** is a right side view in the start position thereof;
FIG. **6** is a left side view in the start position thereof;
FIG. **7** is a front side view in the start position thereof;
FIG. **8** is a rear side view in the start position thereof;
FIG. **9** is a front perspective view in an end position thereof;
FIG. **10** is a rear perspective view in the end position thereof;
FIG. **11** is a top view in the end position thereof;
FIG. **12** is a right side view in the end position thereof; and,
FIG. **13** is a left side view in the end position thereof.

In the drawings, the broken lines depict environmental subject matter only and form no part of the claimed design.
