(57) **CLAIM**

The ornamental design for a set of aircraft propeller boom arms, as shown and described.

DESCRIPTION

FIG. 1 is a left side plan view of the set of aircraft propeller boom arms;
FIG. 2 is a right side plan view of the set of aircraft propeller boom arms;
FIG. 3 is a front plan view of the set of aircraft propeller boom arms;
FIG. 4 is a back plan view of the set of aircraft propeller boom arms;
FIG. 5 is a top plan view of the set of aircraft propeller boom arms;
FIG. 6 is a bottom plan view of the set of aircraft propeller boom arms; and,
FIG. 7 is a front right elevated isometric view of the set of aircraft propeller boom arms.

The broken line showing of the aircraft is for the purpose of illustrating the environmental structure in which the claimed elements are found and forms no part of the claimed design. In addition, thick lines are used to outline objects, while thin lines show contours.
