(57) **CLAIM**

The ornamental design for a protective case for mobile communications device, as shown and described.

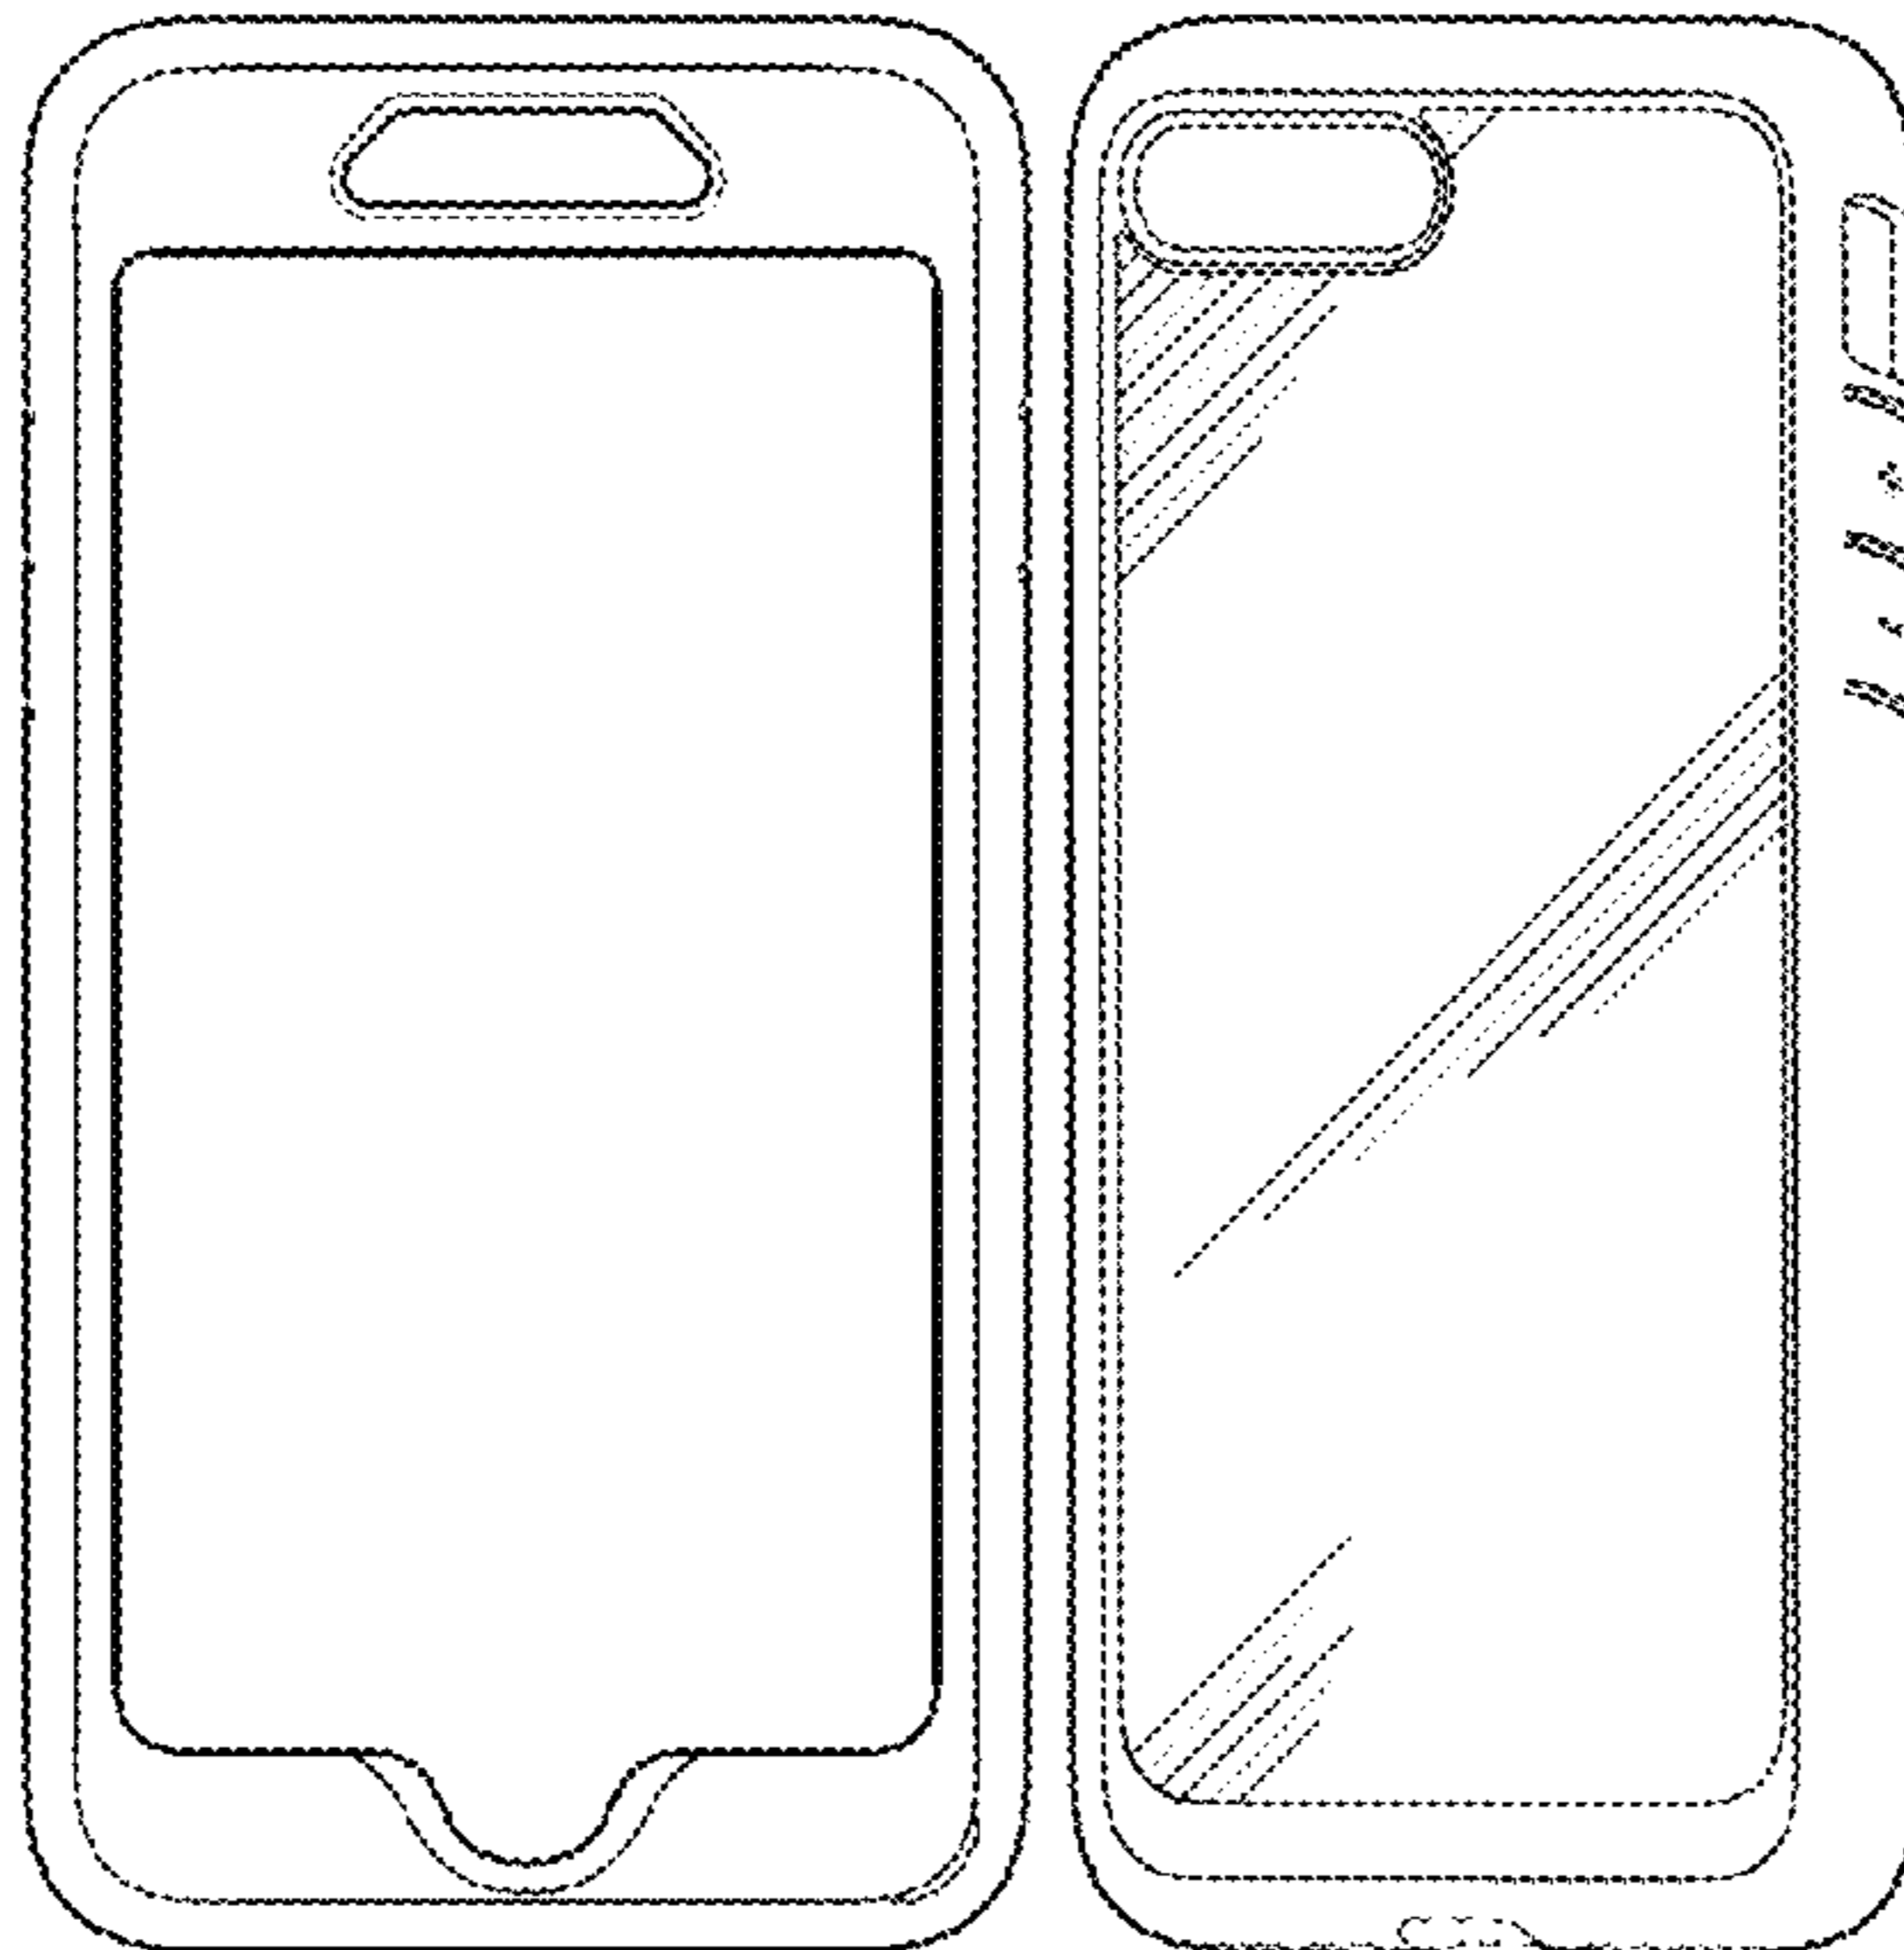

DESCRIPTION

FIG. 1 is a front view of a protective case for mobile communications device showing my new design; FIG. 2 is a rear view thereof; FIG. 3 is a left view thereof; FIG. 4 is a right view thereof; FIG. 5 is a top view thereof; FIG. 6 is a bottom view thereof; FIG. 7 is a front perspective view thereof; FIG. 8 is a rear perspective view thereof; and, FIG. 9 is an exploded front perspective view showing the front and rear components of the case separated for clarity of disclosure.

For clarity of disclosure, the components of the protective case for mobile communications device are shown separated in FIG. 9. Although the protective case for mobile communications device, in which the claimed design is embodied, consists of a front component and a rear component, the claim is directed to the overall ornamental appearance of the case in its entirety and does not extend to the ornamental appearance of each of the individual components in isolation.

The broken lines in the drawing figures depict portions of the protective case for mobile communications device that form no part of the claimed design.
