(57) **CLAIM**

The ornamental design for an adhesive barrier for crawling insects, as shown and described.

DESCRIPTION

FIG. 1 is a bottom view of one section of the adhesive barrier for crawling insects;

FIG. 2 is a top view of one section thereof;

FIG. 3 is a top view of one section of the adhesive barrier for crawling insects with the peel-off cover partially removed;

FIG. 4 is a top view of one section of the adhesive barrier for crawling insects with the peel-off cover fully removed;

FIG. 5 is a top view of the adhesive barrier for crawling insects of FIG. 4 as assembled into a conically-shaped barrier, and having an outwardly facing adhesive surface;

FIG. 6 is a front perspective view thereof;

FIG. 7 is a bottom perspective view thereof; and,

FIG. 8 is a bottom perspective view, assembled into a conically-shaped barrier, and having an inwardly facing adhesive surface.

The words and lettering provided on the adhesive surface are environmental, and are not claimed as a feature of the design.
