(57) **CLAIM**

The ornamental design for a portable communications device with a graphical user interface, as shown and described.

DESCRIPTION

1. Portable communications device with a graphical user interface

1.1 : Front

1.4 : Top

1.5 : Left

The broken lines showing portions of the portable communications device, as well as those showing portions of the graphical user interface do not form part of the claimed design; the bottom view and the right view are omitted since they are mirror images of the top view and the left view, respectively.
