(57) **CLAIM**

The ornamental design for combined display device and screen with an animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a combined display device and screen with an animated graphical user interface; and,

FIG. 2 is a front view of a second image thereof.

The broken line showing of the display device and text forms no part of the claimed design. The appearance of the image transitions sequentially between the images shown in FIGS. 1-2. The process or period in which an image transitions to another forms no part of the claimed design.
