(57) **CLAIM**

The ornamental design for a display screen with graphical
user interface, as shown and described.

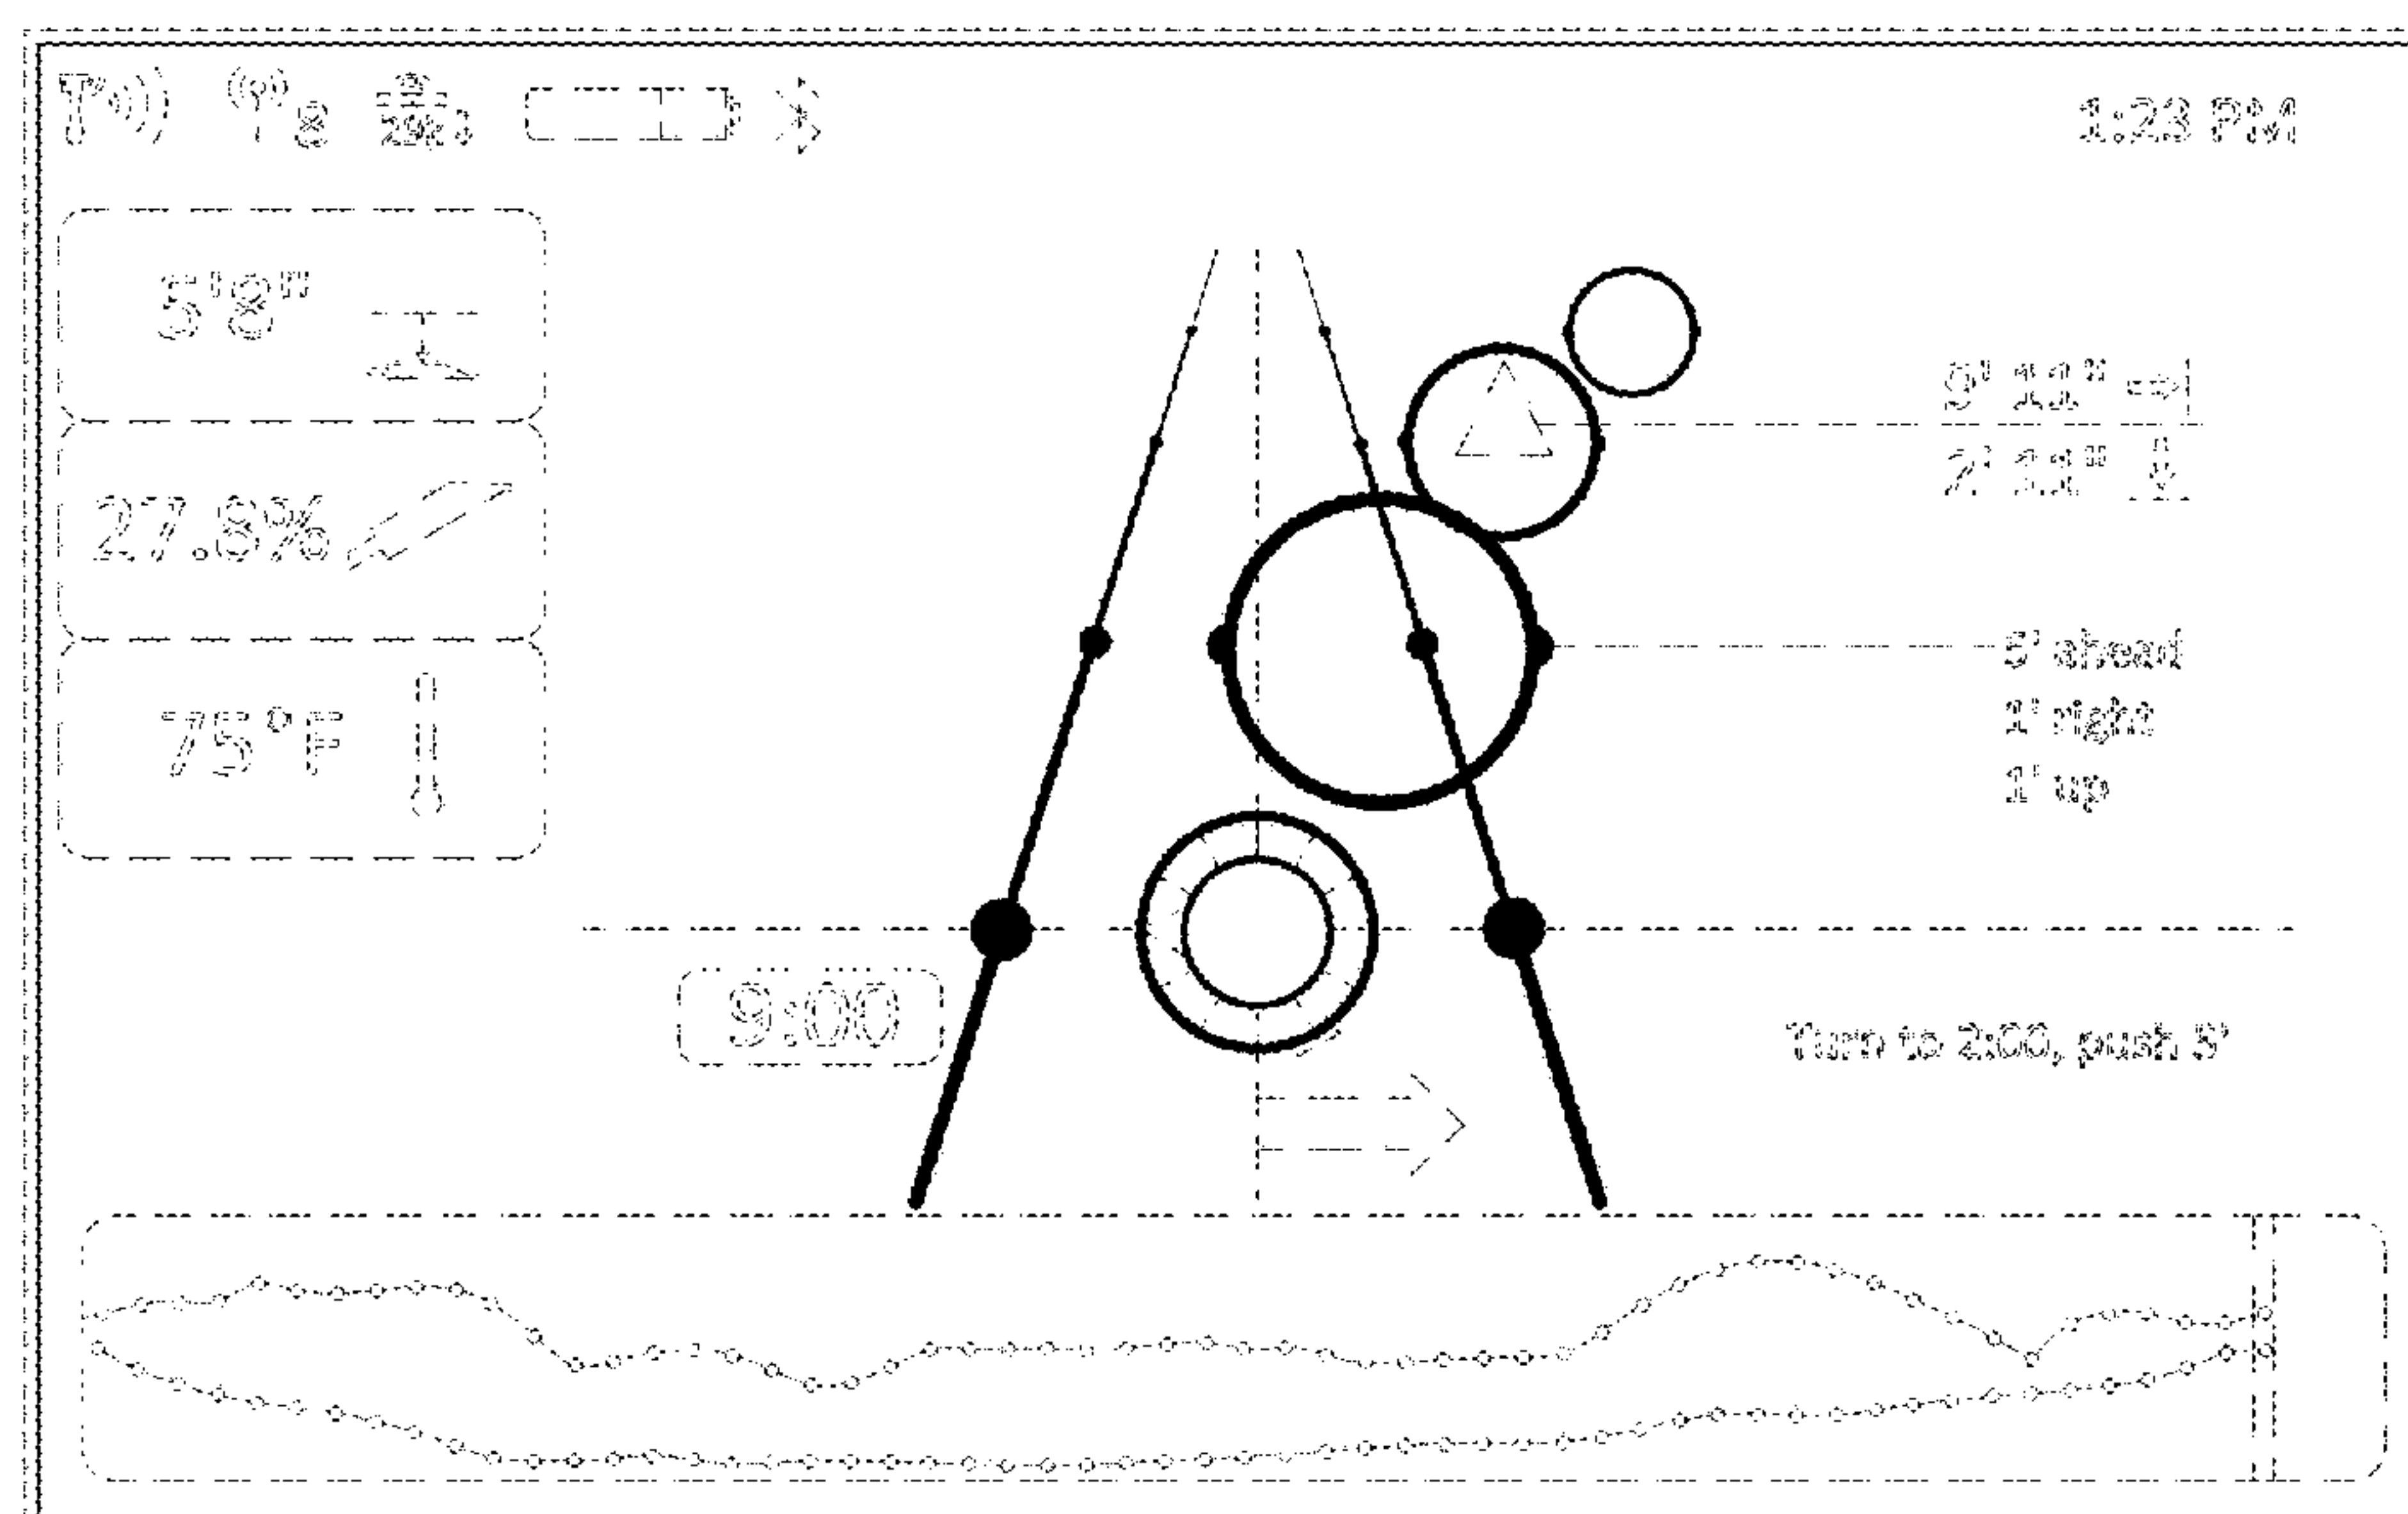

DESCRIPTION

FIG. 1 is a front view of a first image of a display screen with
graphical user interface according to the claimed design;
and,

FIG. 2 is a front view of a second image thereof.

The broken lines showing a display screen or portion thereof
and elements of the transitional graphical user interface
illustrate portions of the article, and form no part of the
claimed design. The appearance of the graphical user inter-
face transitions sequentially between the images shown. The
process or period in which one image transitions to another
forms no part of the claimed design.
