(57) **CLAIM**

I claim the ornamental design for a butterfly shaped pancake mold, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a butterfly shaped pancake mold for forming and cooking a butterfly shaped pancake.

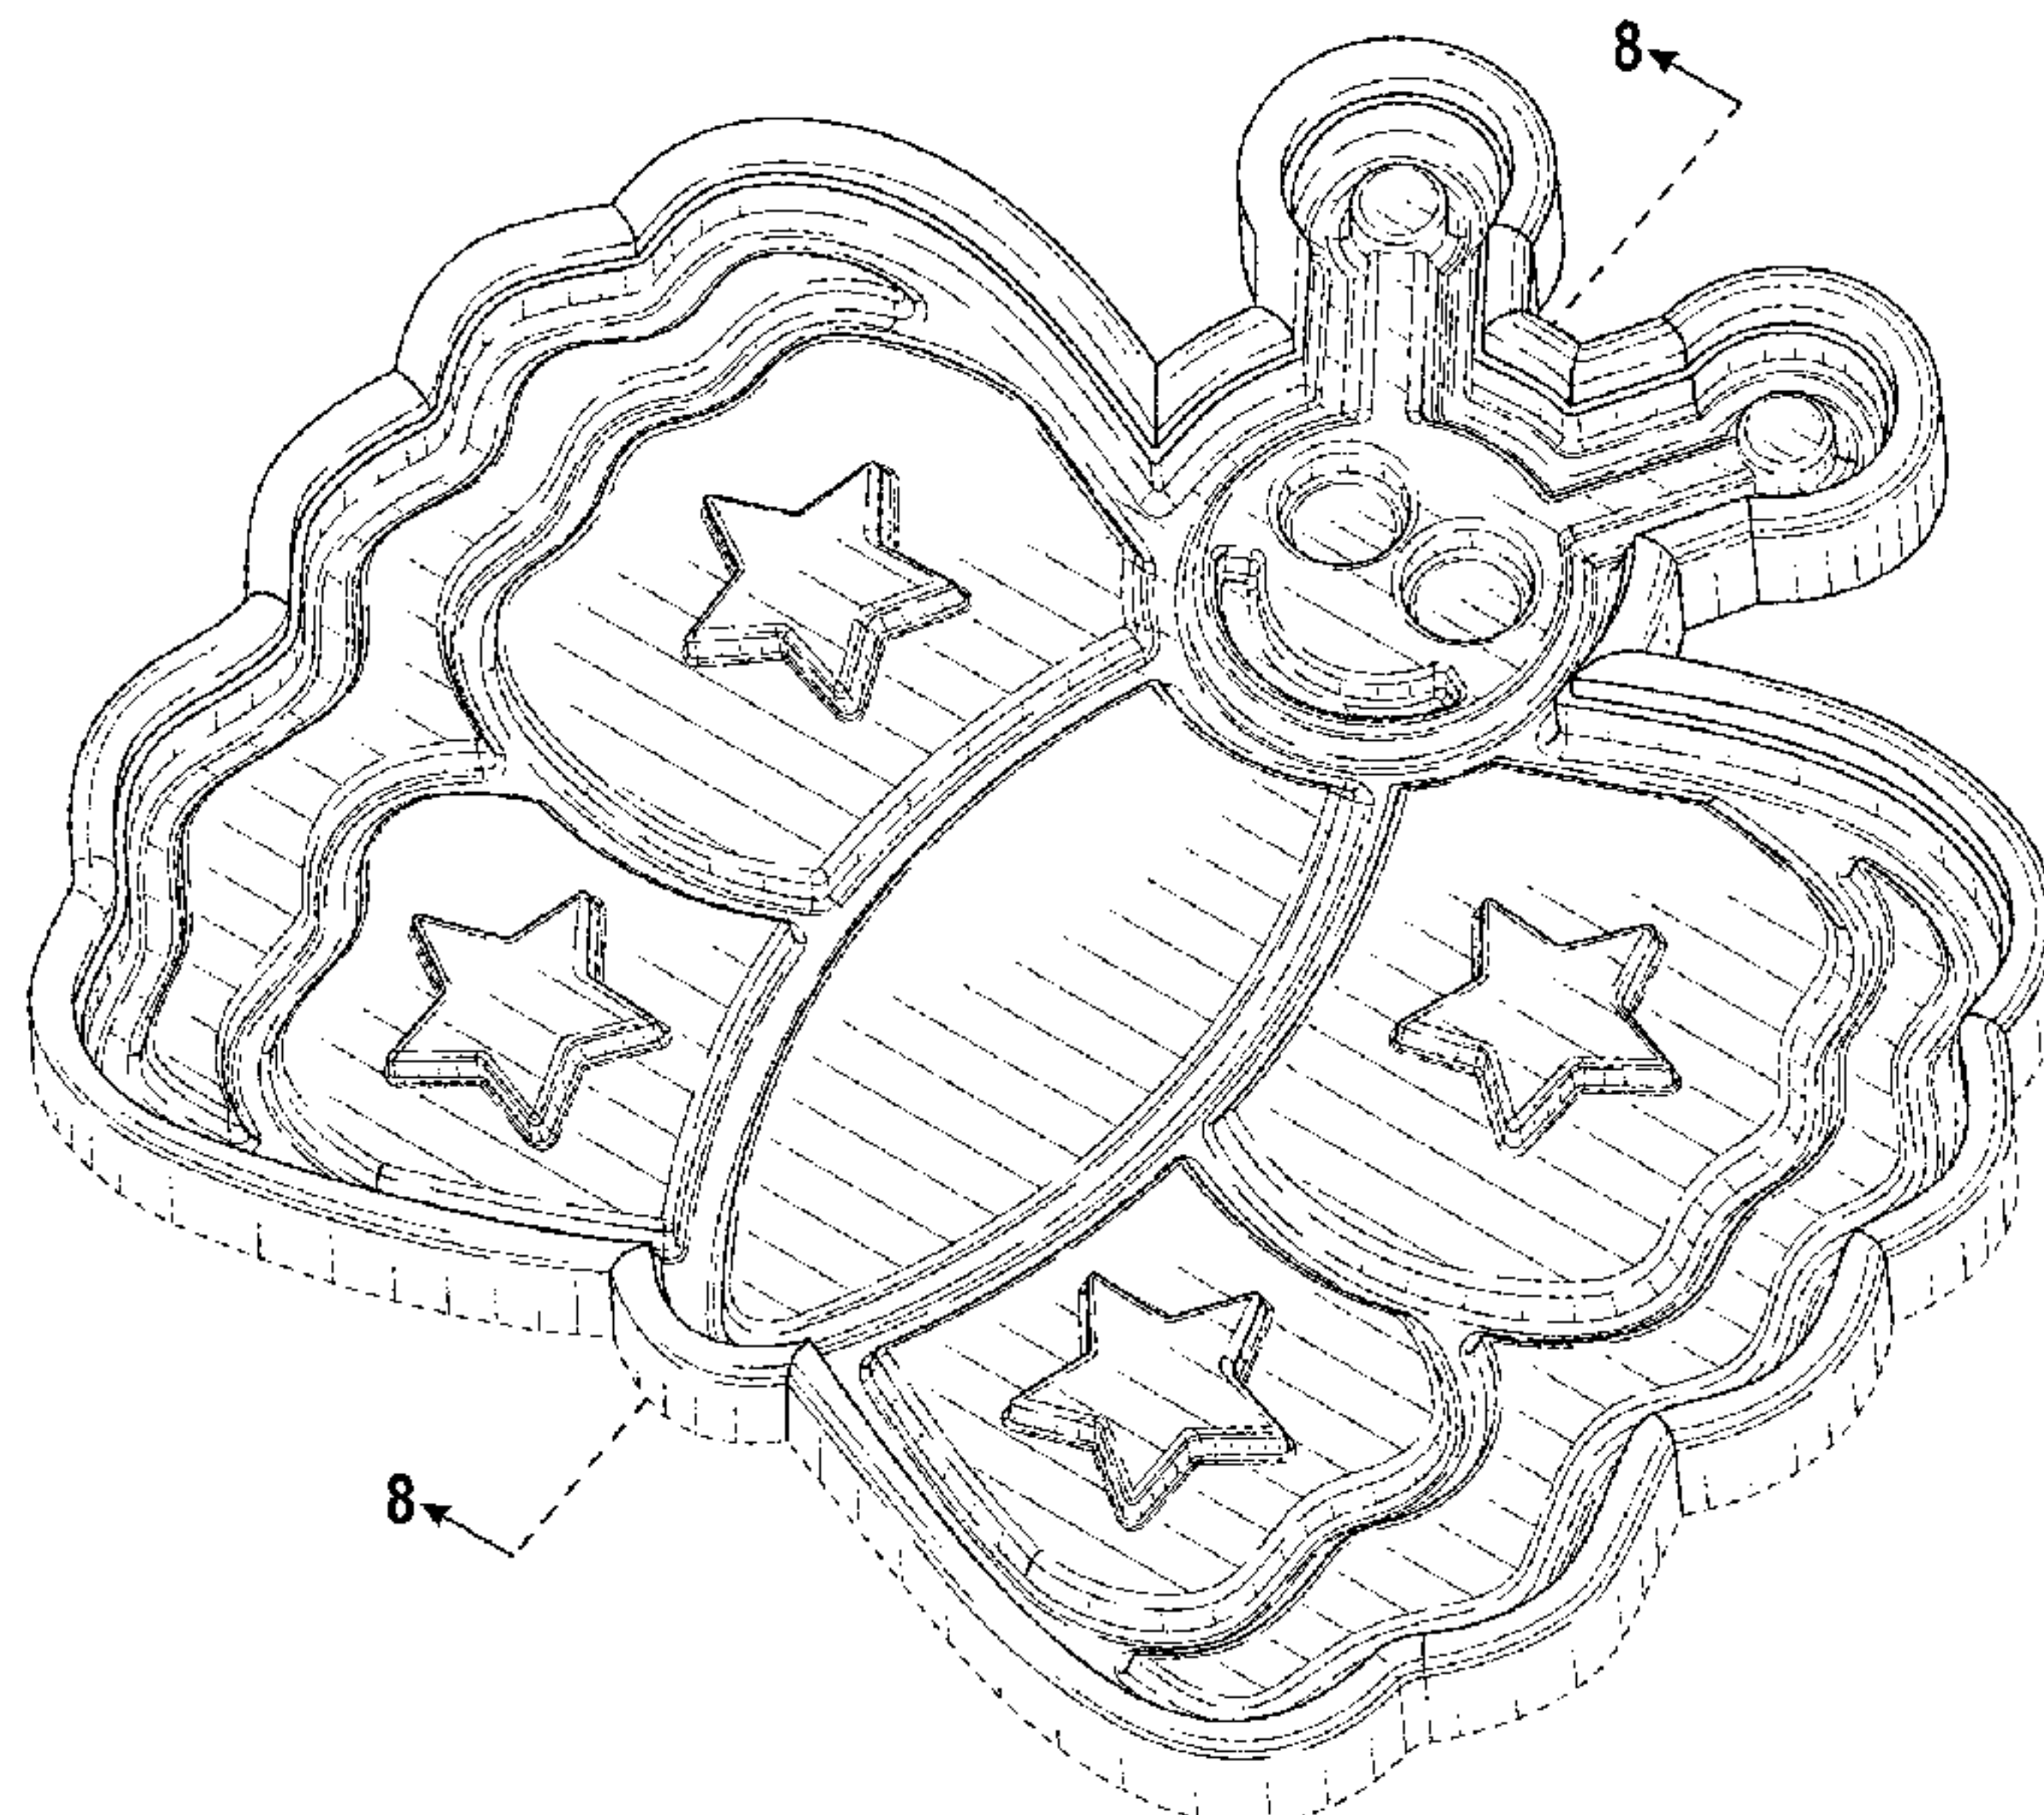

FIG. 2 is a front view of the butterfly shaped pancake mold. FIG. 3 is a back view of the butterfly shaped pancake mold. FIG. 4 is a side view of the butterfly shaped pancake mold. FIG. 5 is a top view of the butterfly shaped pancake mold. FIG. 6 is a bottom view of the butterfly shaped pancake mold.

FIG. 7 is a cross-sectional view through a centerline of the butterfly shaped pancake mold.

FIG. 8 is a perspective view along a centerline of the butterfly shaped pancake mold; and, FIG. 9 is a back perspective view of the butterfly shaped pancake mold.

The dashed lines in the drawings on the back surface of the butterfly shaped pancake mold are included to show unclaimed subject matter and form no part of the claimed design. The right side and left sides are mirror images of each other and shown as a single side view in FIG. 4. A cross-section along the centerline of the butterfly is symmetrical along the centerline and therefore only a single side is shown in FIGS. 7 and 8.
