(57) **CLAIM**

The ornamental design for a display screen or a portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or a portion thereof with graphical user interface according to a first embodiment of our design; and,

FIG. 2 is a front view of a display screen or a portion thereof with graphical user interface according to a second embodiment of our design.

The dashed and dot-dashed broken line showings of portions of a display screen and other features in the figures are environmental only and form no part of the claimed design. The areas including stipple-fill represent areas having a different appearance.
