(57) **CLAIM**

I claim the ornamental design for panels for slimming top garment, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of a first panel for a slimming top garment;

FIG. 2 is a back elevation view of a second panel for the slimming top garment;

FIG. 3 is a left elevation view of the first and second panels for the slimming top garment;

FIG. 4 is a right elevation view of the first and second panels for the slimming top garment;

FIG. 5 is a front elevation view of the first and second panels worn in the front of the slimming top garment;

FIG. 6 is a back elevation view of the first and second panels worn in the front of the slimming top garment;

FIG. 7 is a left elevation view of the first and second panels worn in the front of the slimming top garment;

FIG. 8 is a right elevation view of the first and second panels worn in the front of the slimming top garment;

FIG. 9 is a front elevation view of the first and second panels worn in the back of the slimming top garment;

FIG. 10 is a back elevation view of the first and second panels worn in the back of the slimming top garment;

FIG. 11 is a left elevation view of the first and second panels worn in the back of the slimming top garment;

FIG. 12 is a right elevation view of the first and second panels worn in the back of the slimming top garment;

FIG. 13 is a front elevation view of a first panel for a slimming top garment of a second embodiment;

FIG. 14 is a back elevation view of a second panel for the slimming top garment of the second embodiment;

FIG. 15 is a left elevation view of the first and second panels for the slimming top garment of the second embodiment;

FIG. 16 is a right elevation view of the first and second panels for the slimming top garment of the second embodiment;

FIG. 17 is a front elevation view of the first and second panels worn in the front of the slimming top garment of the second embodiment;

FIG. 17 is a front elevation view of the first and second panels worn in the front of the slimming top garment of the second embodiment;

(Continued)

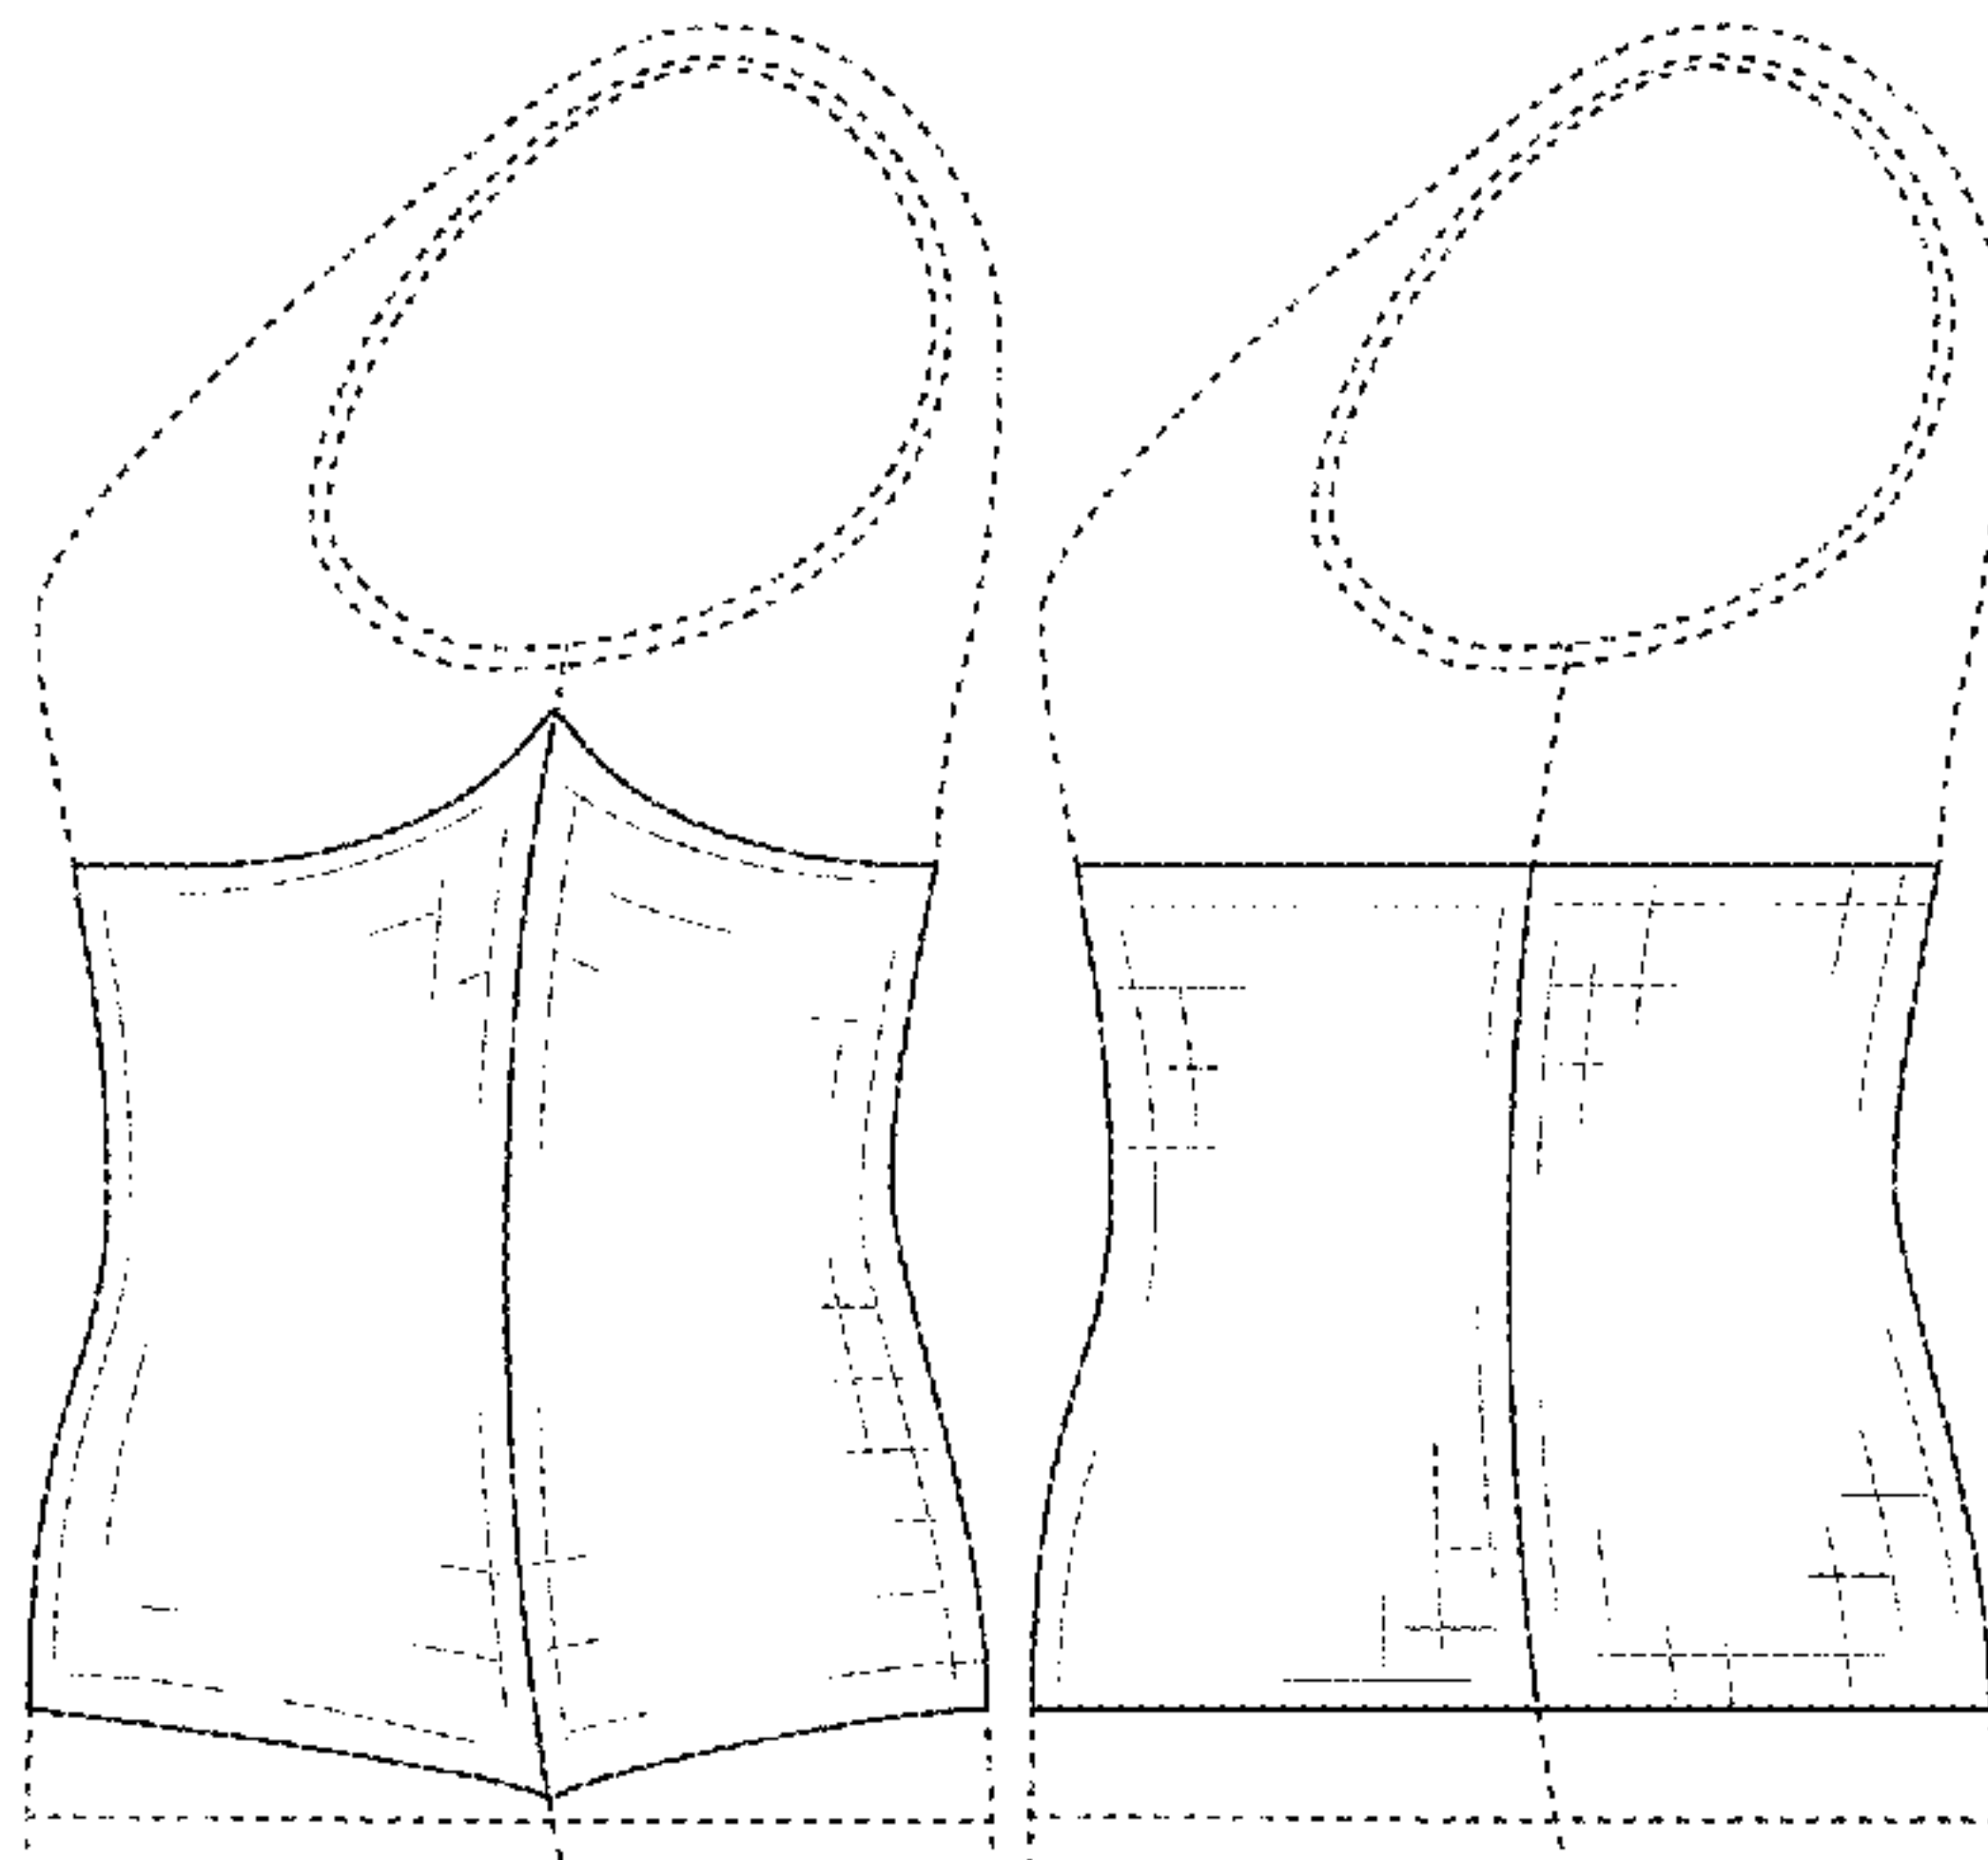

FIG. 18 is a back elevation view of the first and second panels worn in the front of the slimming top garment of the second embodiment;

FIG. 19 is a left elevation view of the first and second panels worn in the front of the slimming top garment of the second embodiment;

FIG. 20 is a right elevation view of the first and second panels worn in the front of the slimming top garment of the second embodiment;

FIG. 21 is a front elevation view of the first and second panels worn in the back of the slimming top garment of the second embodiment;

FIG. 22 is a back elevation view of the first and second panels worn in the back of the slimming top garment of the second embodiment;

FIG. 23 is a left elevation view of the first and second panels worn in the back of the slimming top garment of the second embodiment; and,

FIG. 24 is a right elevation view of the first and second panels worn in the back of the slimming top garment of the second embodiment.

The dashed and broken lines depicting stitching and the human form, shown in the drawings, are for environmental structure only and form no part of the claimed design. The shading indicates stretching of the material. The panels can be manufactured from cut and sew and/or seamless construction.
