(57) **CLAIM**

The ornamental design for a display screen or portion thereof with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of a display screen or portion thereof with transitional graphical user interface showing our new design;

FIG. 2 is a front view of a second image in the sequence; and,

FIG. 3 is a front view of a third image in the sequence.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 through 3. The process or period in which an image transitions to another image forms no part of the claimed design.

The broken line showing of a display screen or portion thereof with transitional graphical user interface is for the purpose of illustrating portions of the article and forms no part of the claimed design.
