(57) **CLAIM**

The ornamental design for a vehicle front fender vent, as shown and described.

DESCRIPTION

FIG. 1 is a front right top perspective view of a vehicle front fender vent according to the present invention.

FIG. 2 is a front right perspective view of the fender vent shown in FIG. 1.

FIG. 3 is a rear left top perspective view thereof.

FIG. 4 is a rear left perspective view thereof.

FIG. 5 is a front view thereof.

FIG. 6 is a rear view thereof.

FIG. 7 is a right side view thereof.

FIG. 8 is a left side view thereof.

FIG. 9 is a top view thereof.

FIG. 10 is a bottom view thereof; and,

FIG. 11 is another front view of the fender vent shown in FIGS. 1-10, but with the fender vent located on a vehicle, and the rest of the vehicle shown in de-emphasized and half-tone portions to show environment structure. These portions form no part of the claimed design. More particularly, in FIG. 11, the inventive front fender vent is shown within the broken line, and the elements shown outside the broken line form no part of the claimed design, but are instead included to show environmental aspects thereof. The broken line forms an unclaimed boundary of the design.
