(57) **CLAIM**

What is claimed is the ornamental design for a media sharing device with graphical user interface, as shown and described herein.

DESCRIPTION

The FIGURE is a front view of a media sharing device with graphical user interface.

The sharp-cornered rectangle shown within the outermost round-cornered rectangle illustrates the perimeter of the display screen of the media sharing device. The outermost round-cornered broken-line rectangle illustrates a media sharing device. The remaining broken lines illustrate portions of the display screen and graphical user interface. The broken lines form no part of the claimed design.
