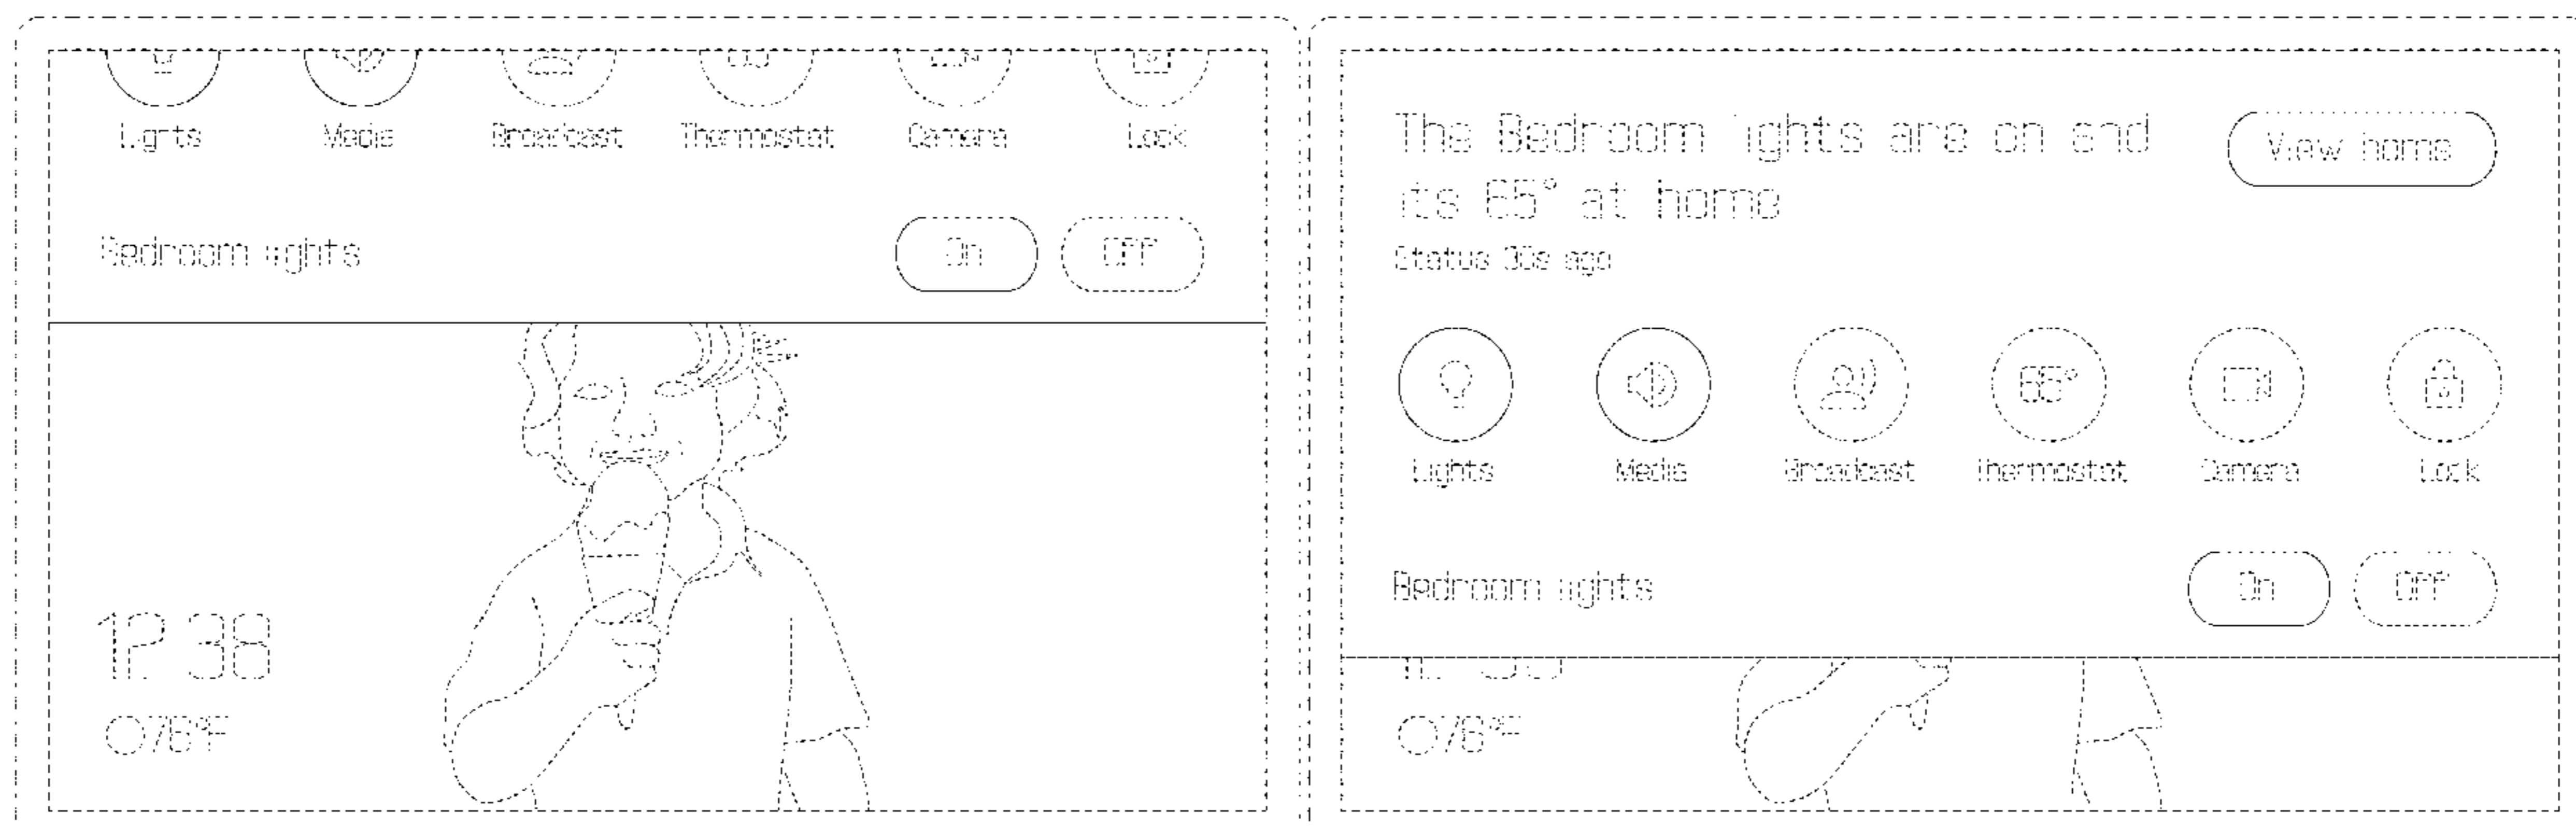

FIG. 1 is a front view of a first image in a sequence for a display screen with animated graphical user interface showing our new design; FIG. 2 is a front view of a second image thereof; and, FIG. 3 is a front view of a third image thereof. The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-3. The process or period in which an image transitions to another forms no part of the claimed design. The dot-dash line illustrates a display screen and forms no part of the claimed design. The remaining broken lines illustrate portions of a graphical user interface and form no part of the claimed design.
