DESCRIPTION

The sole FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The outermost perimeter shown by a pair of dashed broken lines in the drawing FIGURE represents a display screen or portion thereof and forms no part of the claimed design. The remaining dashed broken lines in the drawing FIGURE illustrate portions of the display screen or portion thereof with transitional graphical user interface that form no part of the claimed design.

The dense stippled shading in the FIGURE shows a contrast in appearance having the visual effect of a contour.
