(57) **CLAIM**

We claim the ornamental design for a display screen with graphical user interface for displaying search results as a stack of overlapping, actionable cards, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a display screen with a graphical user interface for displaying search results as a stack of overlapping, actionable cards.

The outer rectangular broken lines illustrate the display screen and are included for the purpose of illustrating environment and form no part of the claimed design. The broken line text and symbols are included for the purposes of illustrating portions of the article and form no part of the claimed design.
