CLAIM

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first front sequential view of a display screen or portion thereof with graphical user interface, showing a first image of my new design;

FIG. 2 is a second sequential image thereof;

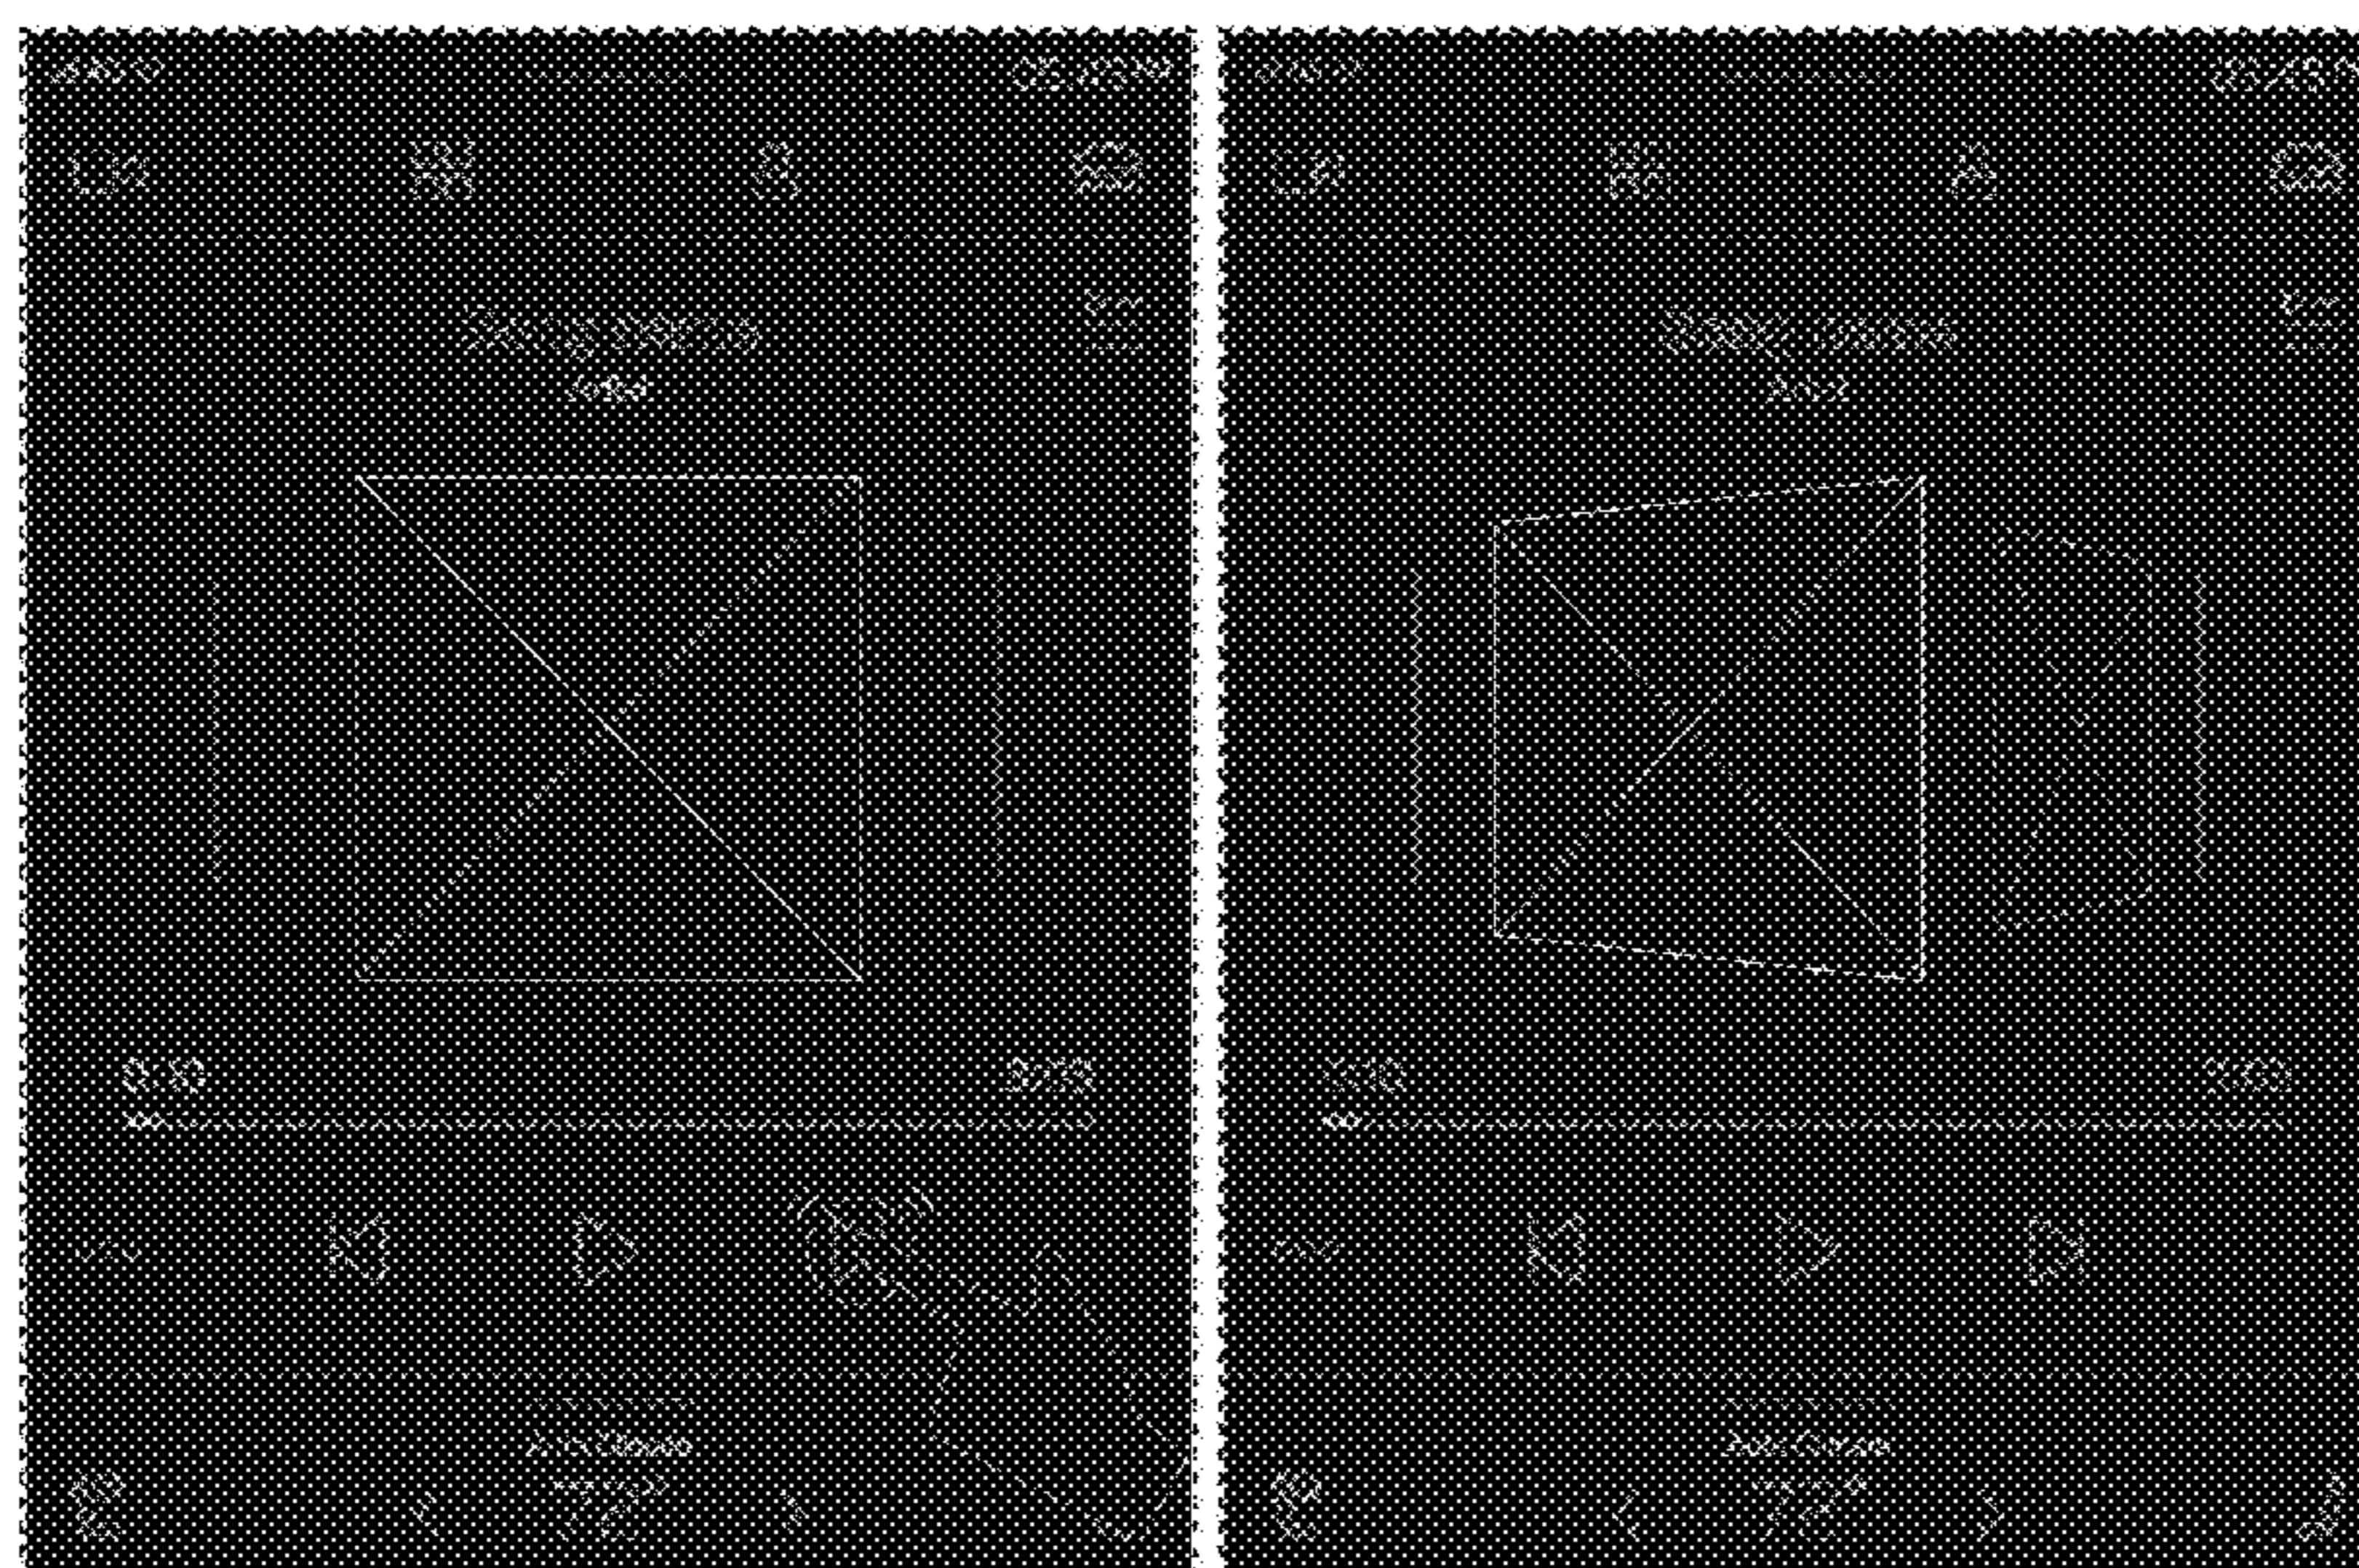

FIG. 3 is a third sequential image thereof;

FIG. 4 is a fourth sequential image thereof; and,

FIG. 5 is a fifth sequential image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another image forms no part of the claimed design.

Broken lines shown in the figures illustrate a display screen or portion thereof, and form no part of the claimed design. All other broken lines shown in the figures illustrate portions of a graphical user interface that form no part of the claimed design.

1 Claim, 5 Drawing Sheets
