FIG. 1 is a front view of the design of FIG. 2 shown within a broken line environment of use in an electronic device housing forming no part of the claimed design;  
FIG. 2 is a front view of a first image in a sequence of a display screen or portion thereof with animated graphical user interface;  
FIG. 3 is a front view of a second image thereof;  
FIG. 4 is a front view of a third image thereof; and,  
FIG. 5 is a front view of a fourth image thereof.  
The broken line electronic device housing is included for the purpose of illustrating environmental structure; the remaining broken line portions of the animated graphical user interface are included to show portions of the article; all broken lines form no part of the claimed design.  
The appearance of the transitional image sequentially transitions between the images shown in FIGS. 2-5. The process or period in which one image transitions to another image forms no part of the claimed design.
