DESCRIPTION

FIG. 1 is a front view of the first image of a display screen, or portion thereof, with animated graphical user interface, in accordance with our new design;

FIG. 2 is a front view of the second image thereof;

FIG. 3 is a front view of the third image thereof;

FIG. 4 is a front view of the fourth image thereof;

FIG. 5 is a front view of the fifth image thereof; and,

FIG. 6 is a front view of the sixth image thereof.

The outer broken line showing of a display screen or portion thereof forms no part of the claimed design. The remaining broken lines represent portions of the animated graphical user interface that also form no part of the claimed design. The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1 through 6. The process or period in which one image transitions to another image forms no part of the claimed design.
