(57) **CLAIM**

We claim the ornamental design for an avionics display screen with animated computer icon, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment illustrating a first image in a transitional sequence of the avionics display screen with animated computer icon;

FIG. 2 is a front view of a first embodiment illustrating a second image in a transitional sequence of the avionics display screen with animated computer icon;

FIG. 3 is a front view of a first embodiment illustrating a third image in a transitional sequence of the avionics display screen with animated computer icon;

FIG. 4 is a front view of a second embodiment illustrating a first image in a transitional sequence of the avionics display screen with animated computer icon;

FIG. 5 is a front view of a second embodiment illustrating a second image in a transitional sequence of the avionics display screen with animated computer icon;

FIG. 6 is a front view of a second embodiment illustrating a third image in a transitional sequence of the avionics display screen with animated computer icon;

FIG. 7 is a front view of a third embodiment illustrating a first image in a transitional sequence of the avionics display screen with animated computer icon;

FIG. 8 is a front view of a third embodiment illustrating a second image in a transitional sequence of the avionics display screen with animated computer icon;

FIG. 9 is a front view of a third embodiment illustrating a third image in a transitional sequence of the avionics display screen with animated computer icon;

FIG. 10 is a front view of a fourth embodiment illustrating a first image in a transitional sequence of the avionics display screen with animated computer icon;

(Continued)

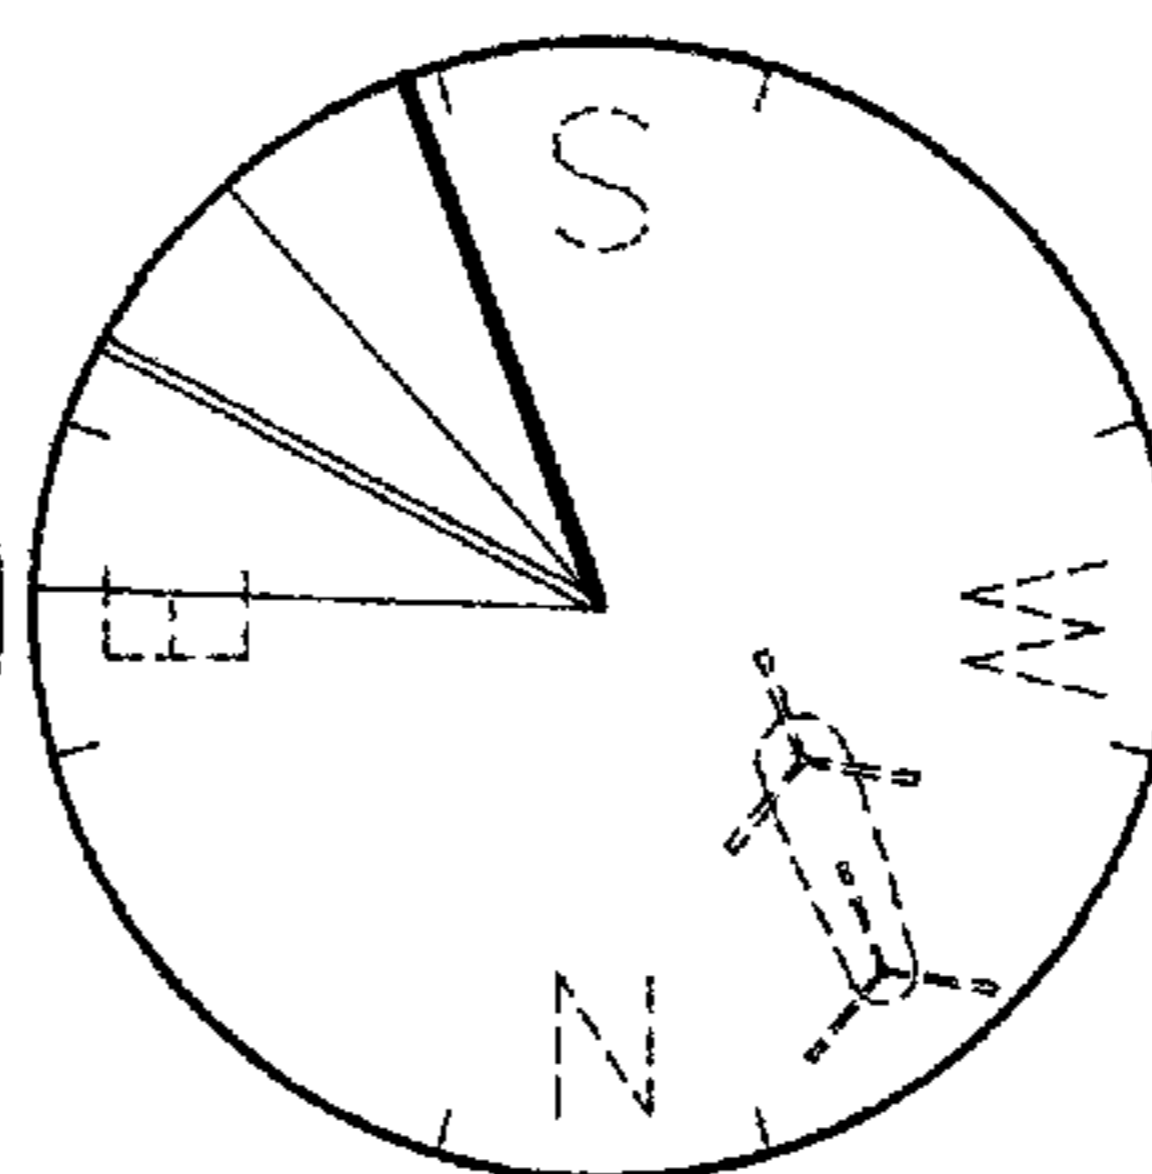

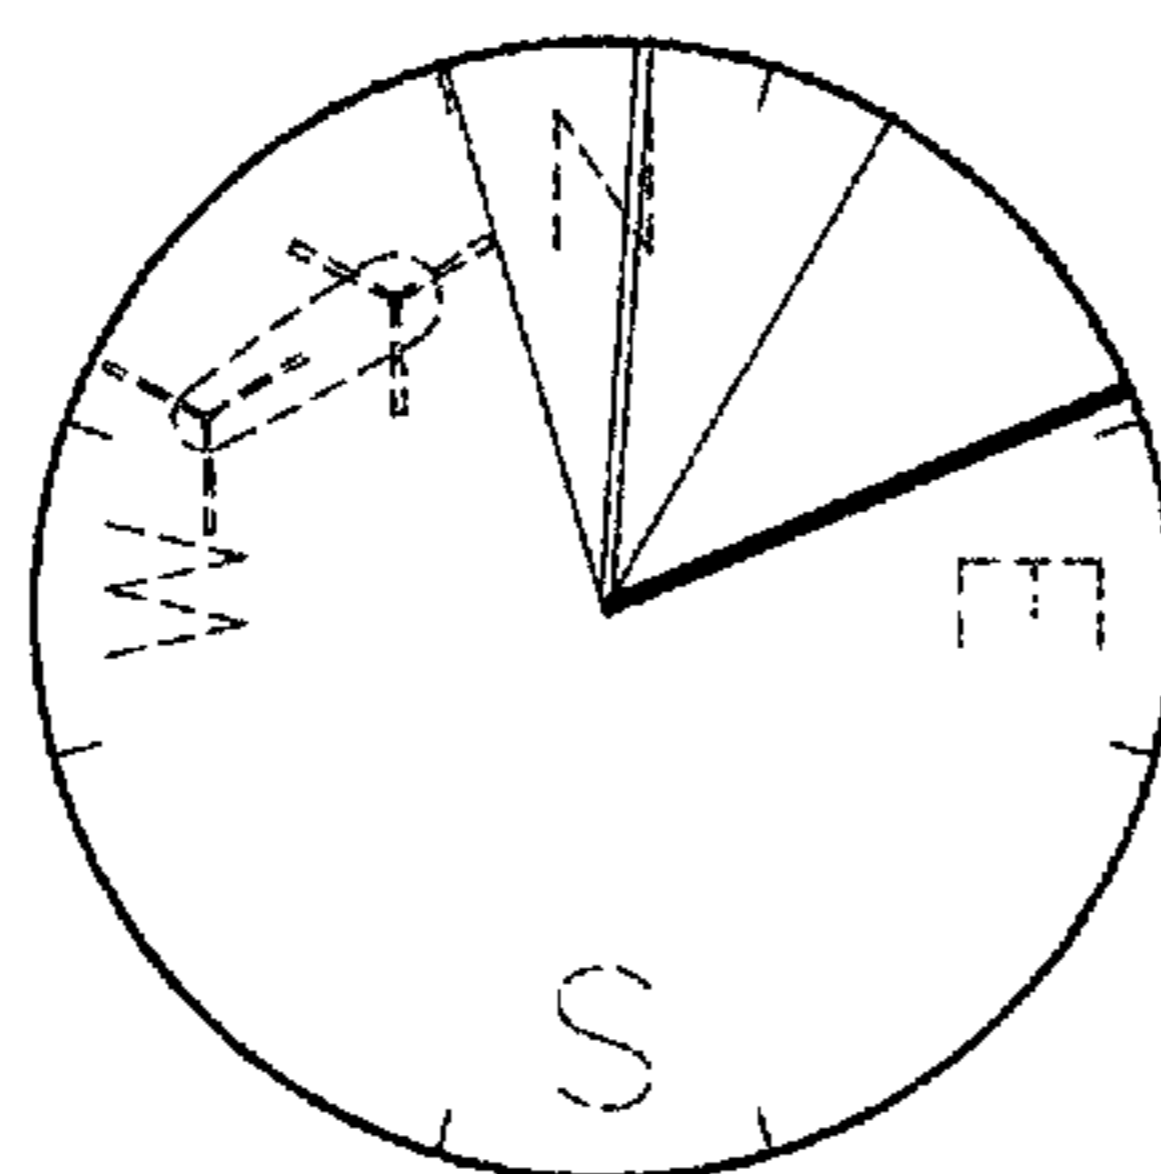

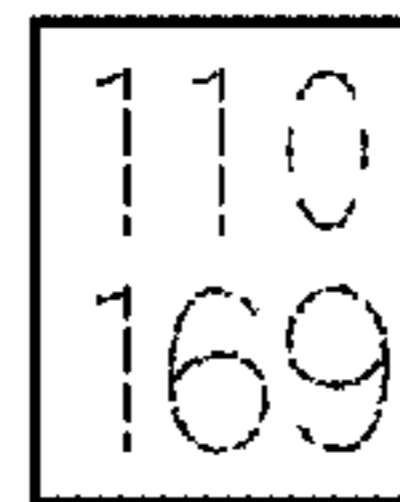

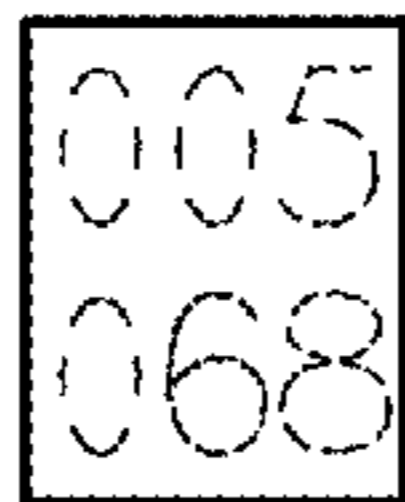

FIG. 11 is a front view of a fourth embodiment illustrating a second image in a transitional sequence of the avionics display screen with animated computer icon; and, FIG. 12 is a front view of a fourth embodiment illustrating a third image in a transitional sequence of the avionics display screen with animated computer icon. The broken line showing of a display screen with icon is included for the purpose of showing portions of the article which form no part of the claim.
