(57) **CLAIM**

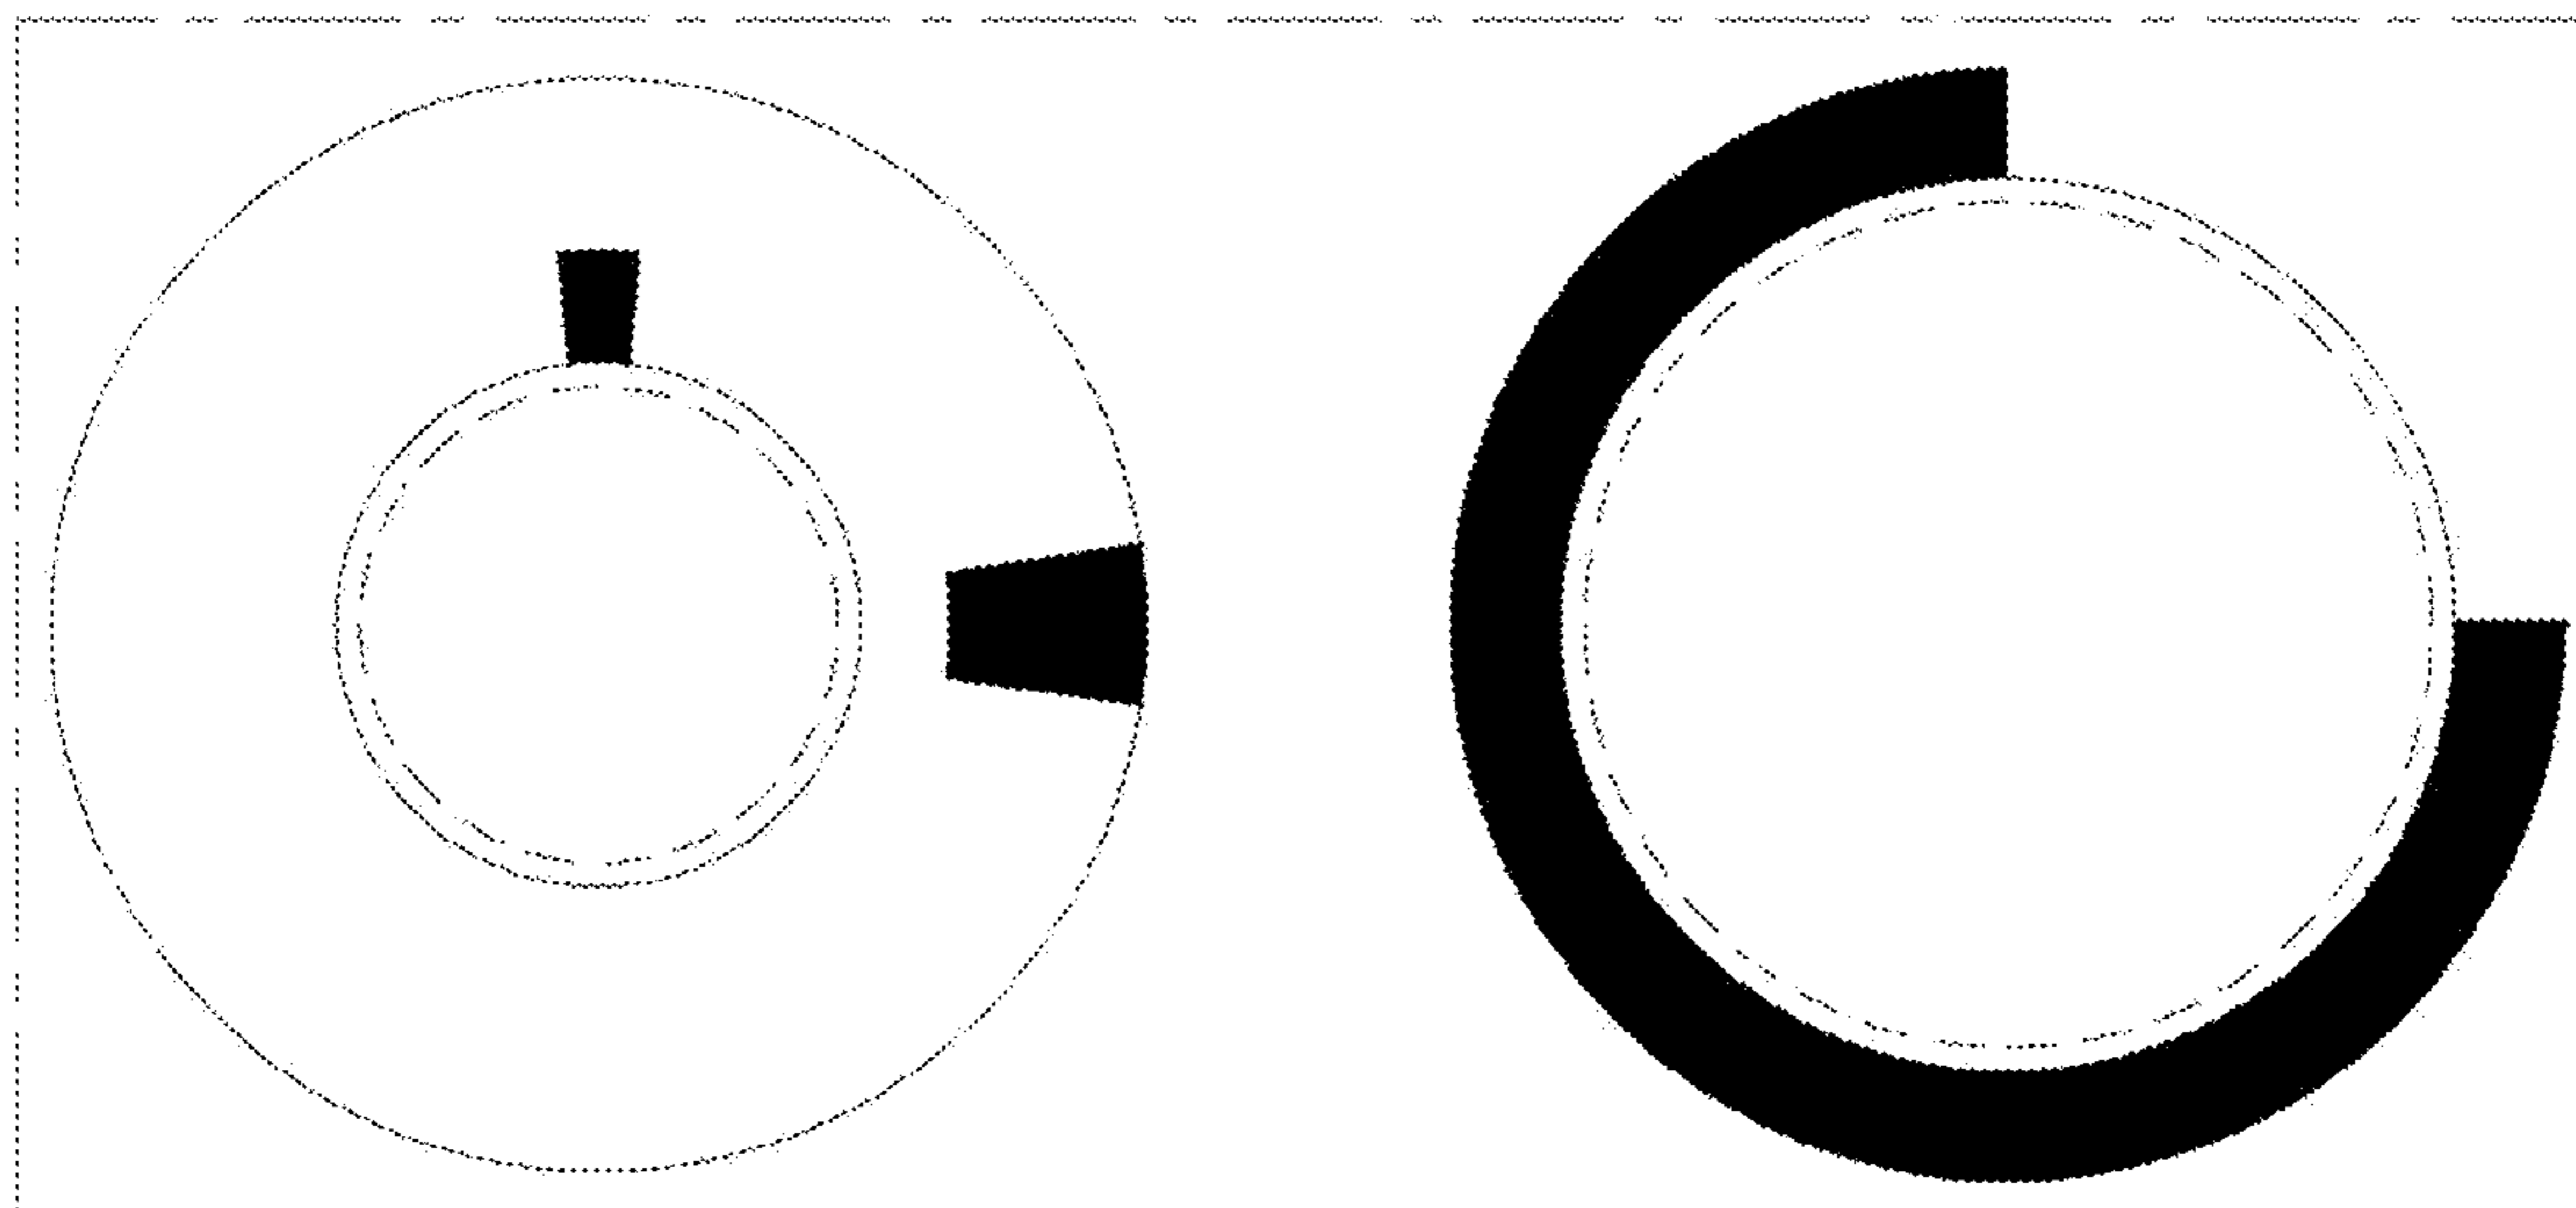

The ornamental design for smartphone display screen with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of the smartphone display screen with graphical user interface with a first image according to an embodiment of the present design; and, FIG. 2 is an enlarged view of region A in FIG. 1.

The evenly-spaced broken line showing of a display screen with graphical user interface and the unevenly spaced broken line showing of the boundary of the claimed design are included for the purpose of showing portions of the article which form no part of the claim.
