(57) **CLAIM**

The ornamental design for a portion of a display screen with icon of a surgical table, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a portion of a display screen with icon of a surgical table showing my new design; and, FIG. 2 is a front view of the design shown in an example environment of a remote control of a robotic surgical system.

The broken line showing of a display screen in FIG. 1-2 is included for the purpose of showing portions of the article, and the broken line showing of a remote control of a robotic surgical system in FIG. 2 is included for the purpose of showing environmental structure, which form no part of the claim.
