(57) **CLAIM**

The ornamental design for an electronic device with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of display screen or portion thereof with graphical user interface showing the claimed design; and,

FIG. 2 is a front view of an electronic device having a display screen with the graphical user interface of FIG. 1 applied to the display screen.

The outer dashed broken lines in the figures show a display screen or portion thereof, or an electronic device having a display screen, and form no part of the claimed design. The other dashed broken lines in the figures show portions of the graphical user interface that form no part of the claimed design.

The dot-dash broken lines in the figure and the areas within the dot-dash broken lines show portions of the graphical user interface that form no part of the claimed design.
