(57) **CLAIM**

The ornamental design for a display screen or portion thereof having a graphical user interface for button menus, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of the display screen or portion thereof having a graphical user interface for button menus showing my new design; and, FIG. 2 is a front view of a second embodiment thereof. The outermost broken lines and the broken line showing of rounded shapes illustrate an electronic device and the remaining broken lines illustrate portions of the animated graphical user interface. None of the broken lines form part of the claimed design.
