(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

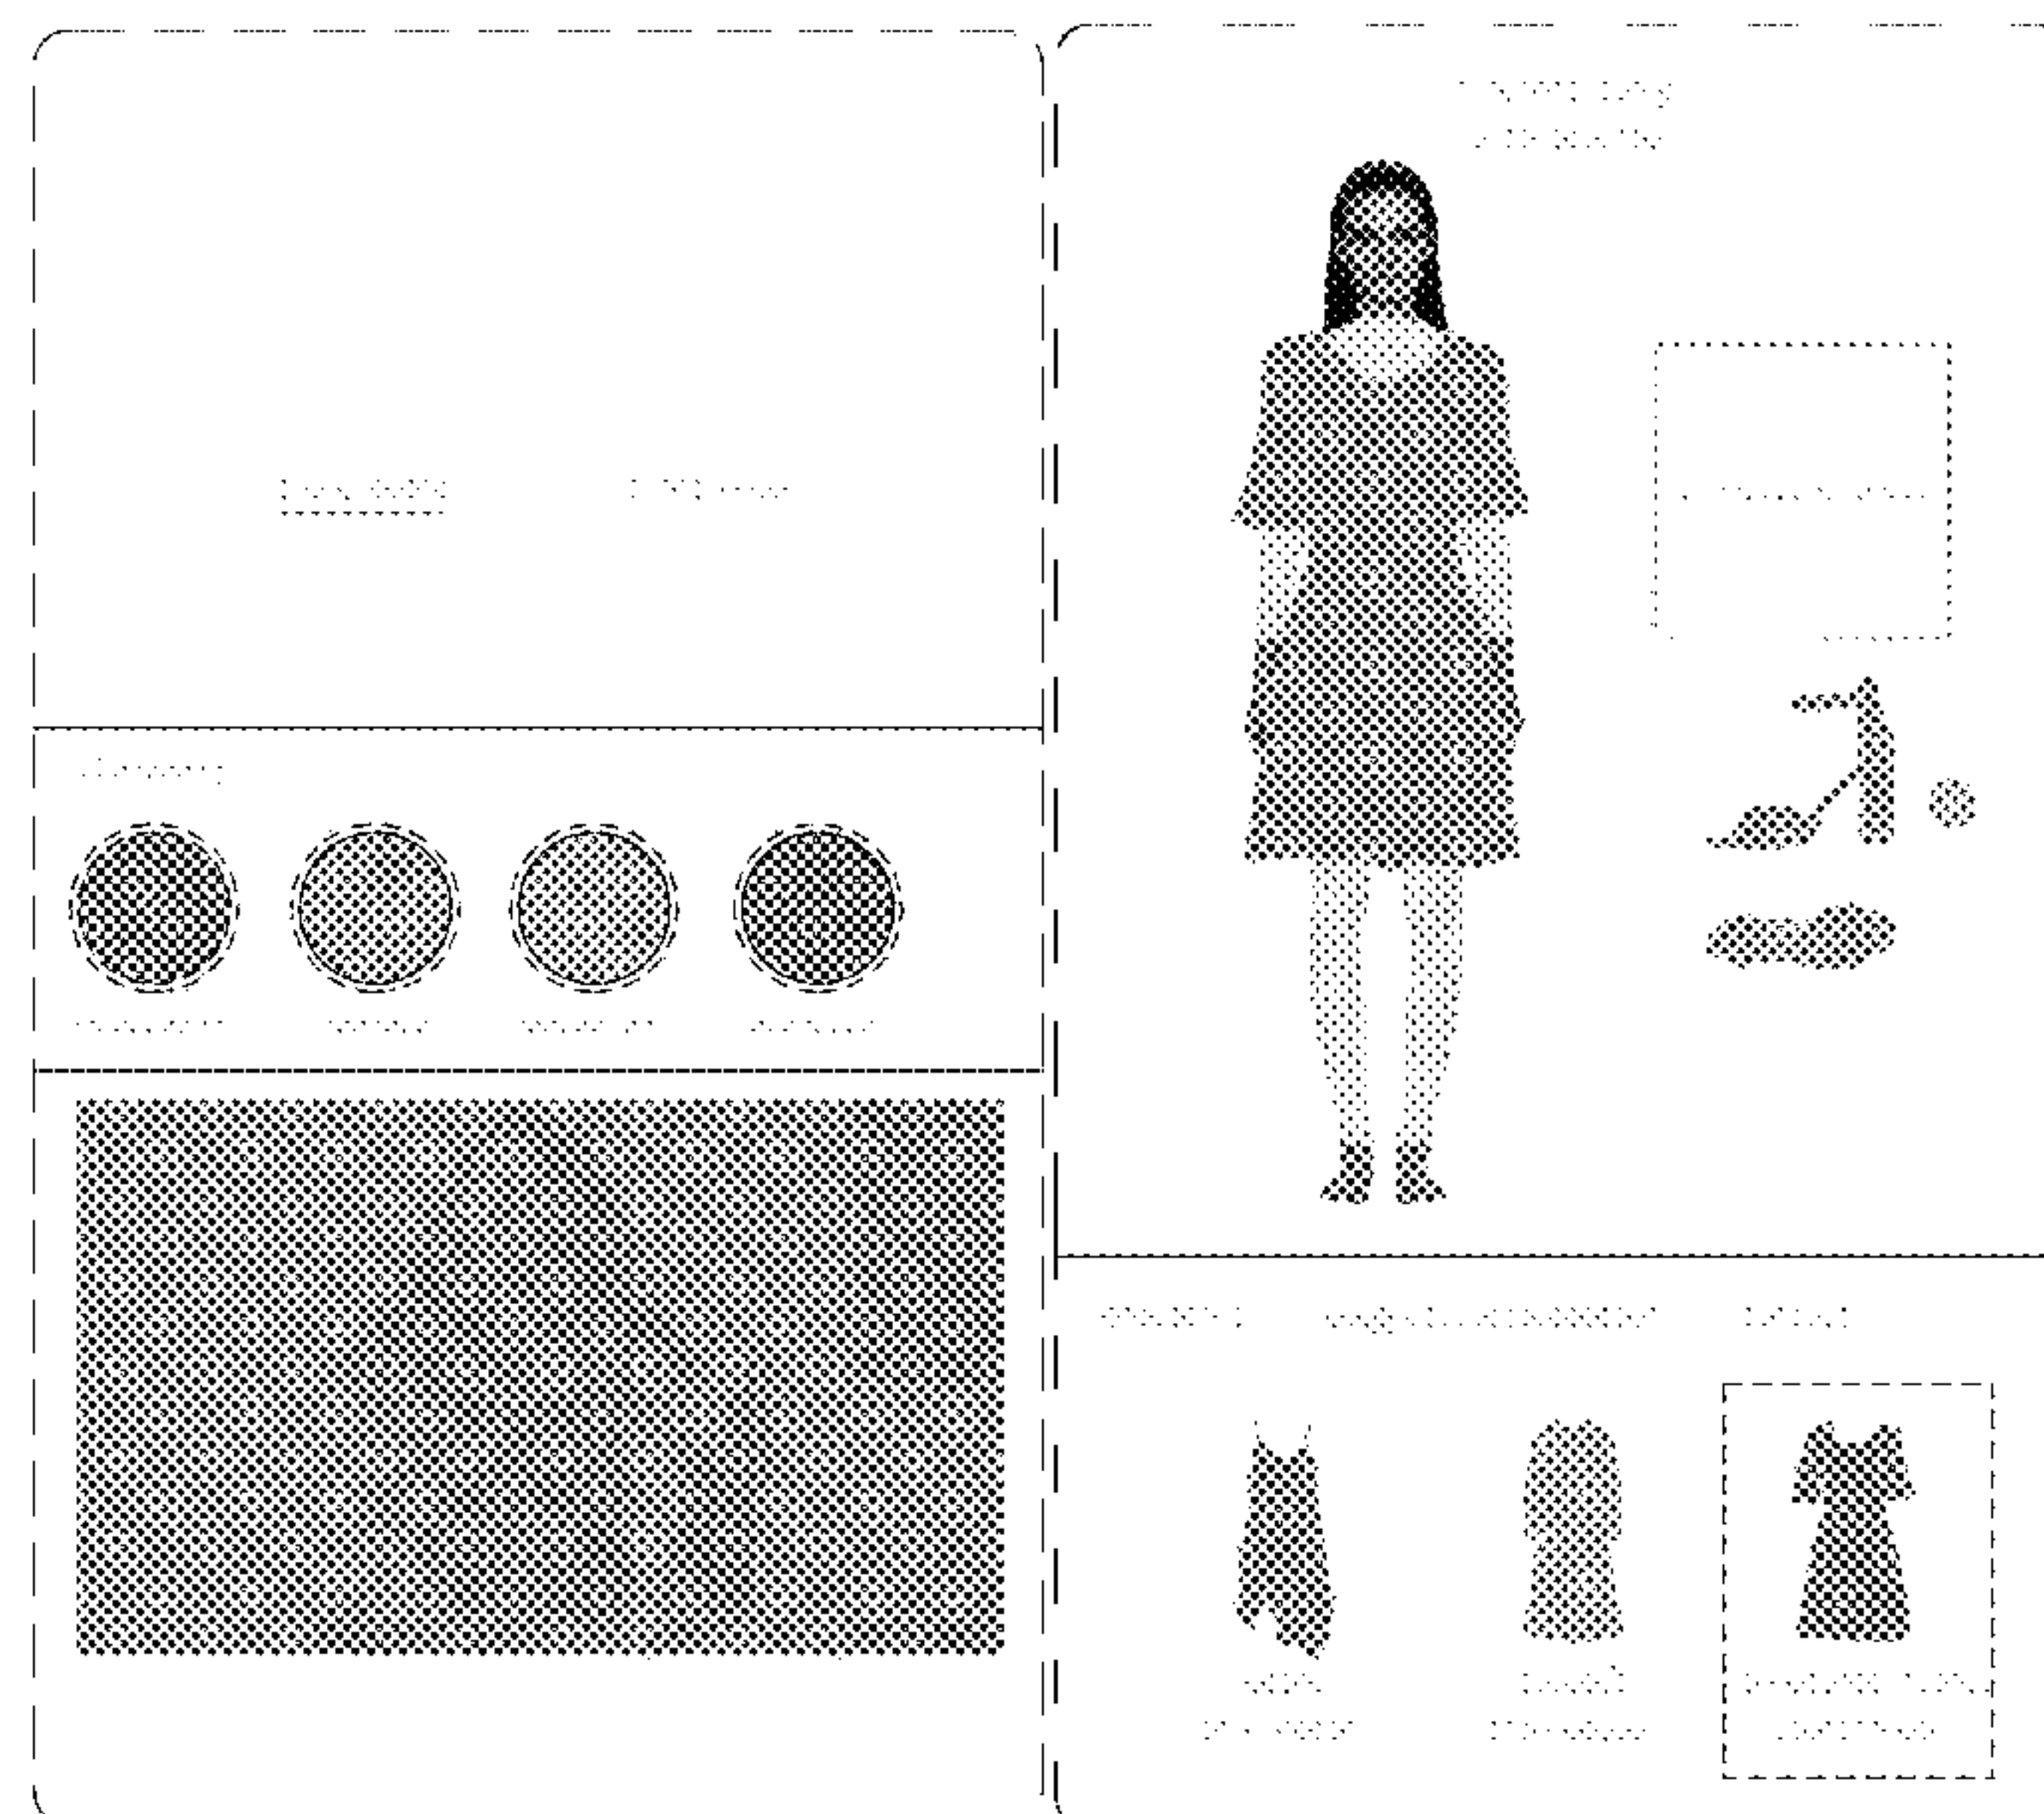

DESCRIPTION

FIG. 1 is a first image in a sequence for a display screen with animated graphical user interface showing our new design; FIG. 2 is the second image thereof; FIG. 3 is the third image thereof; FIG. 4 is the fourth image thereof; FIG. 5 is the fifth image thereof; and, FIG. 6 is the sixth image thereof.

The appearance of the animated graphical user interface transitions between the images shown in FIGS. 1-6. The process or period in which one image transitions to another forms no part of the claimed design.

The broken lines depicting the display screen, as well as areas of diagonal white hatched lines and stippling, show portions of the graphical user interface that form no part of the claimed design.

1 Claim, 6 Drawing Sheets
