(57) **CLAIM**

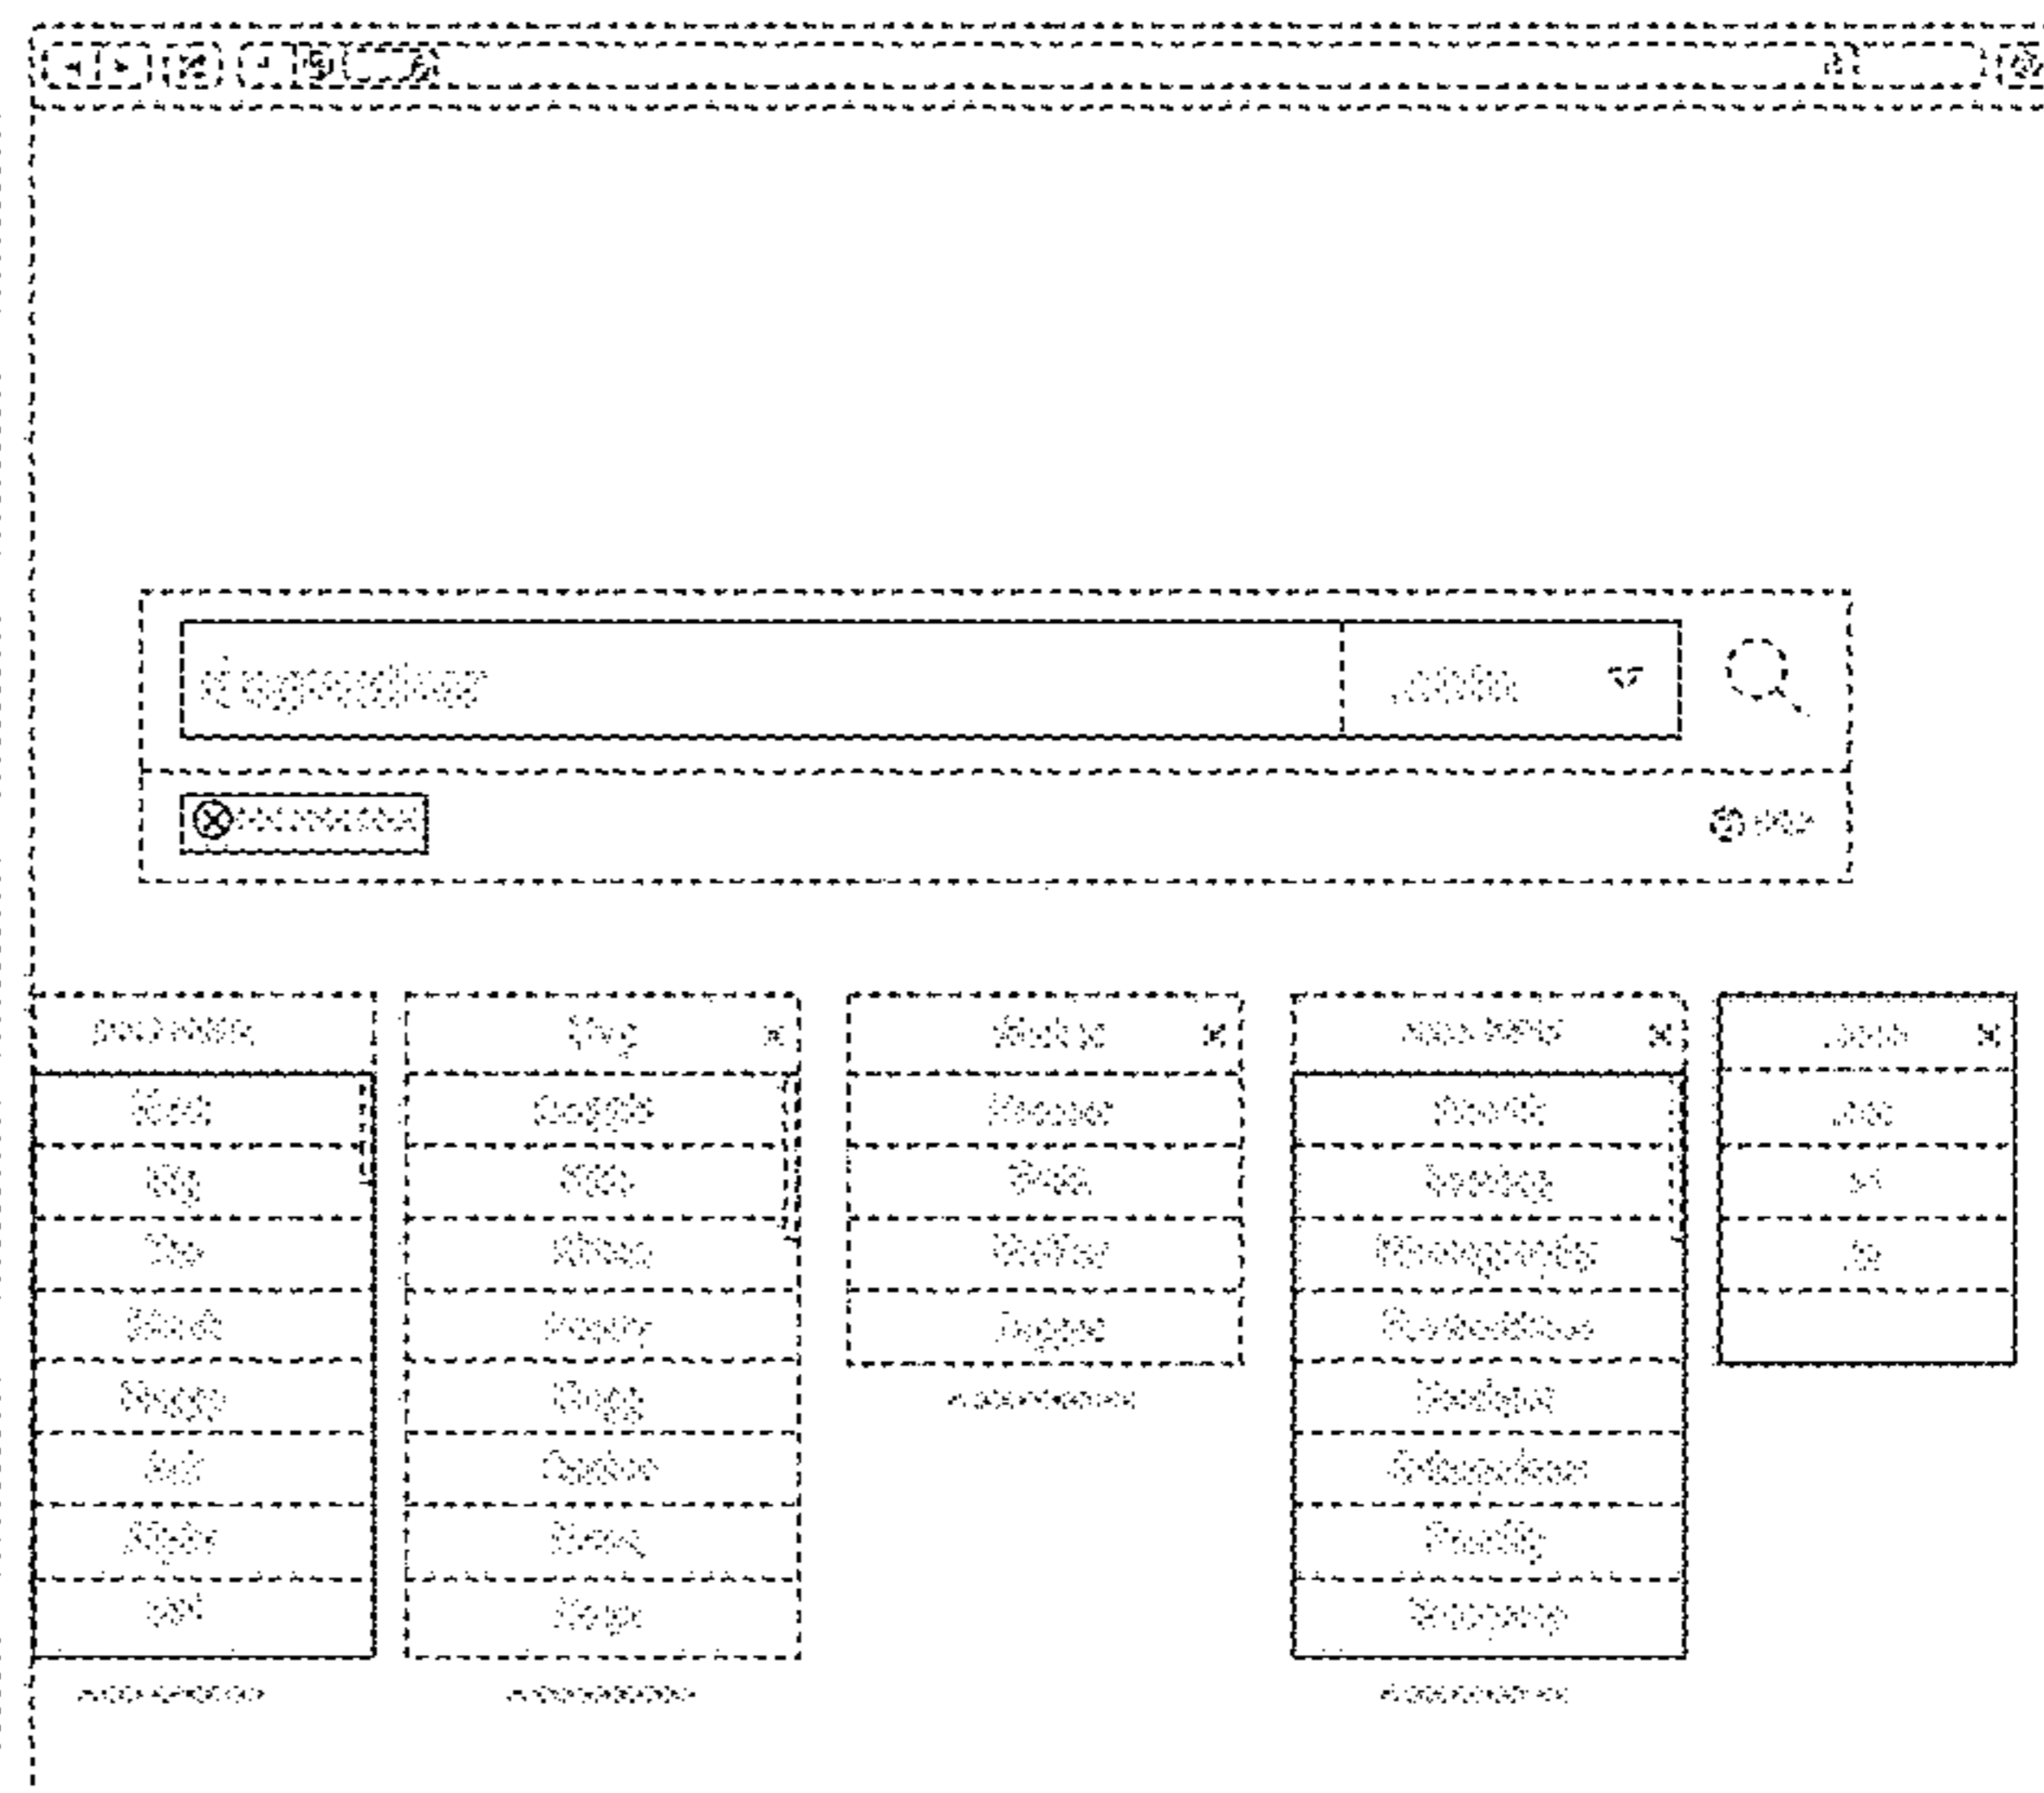

The ornamental design for a display screen or portion thereof with a sequential graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with a sequential graphical user interface showing a first image in a sequence according to the ornamental design; FIG. 2 is a second image in the sequence according to the ornamental design; and, FIG. 3 is a third image in the sequence according to the ornamental design.

The broken lines showing a portion of a display screen, text, and other images are included for the purpose of showing portions of the article that form no part of the claimed design. The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.
