(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains a least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 shows a display screen with animated graphical user interface showing a first image of the claimed design;

FIG. 2 shows a second image thereof;

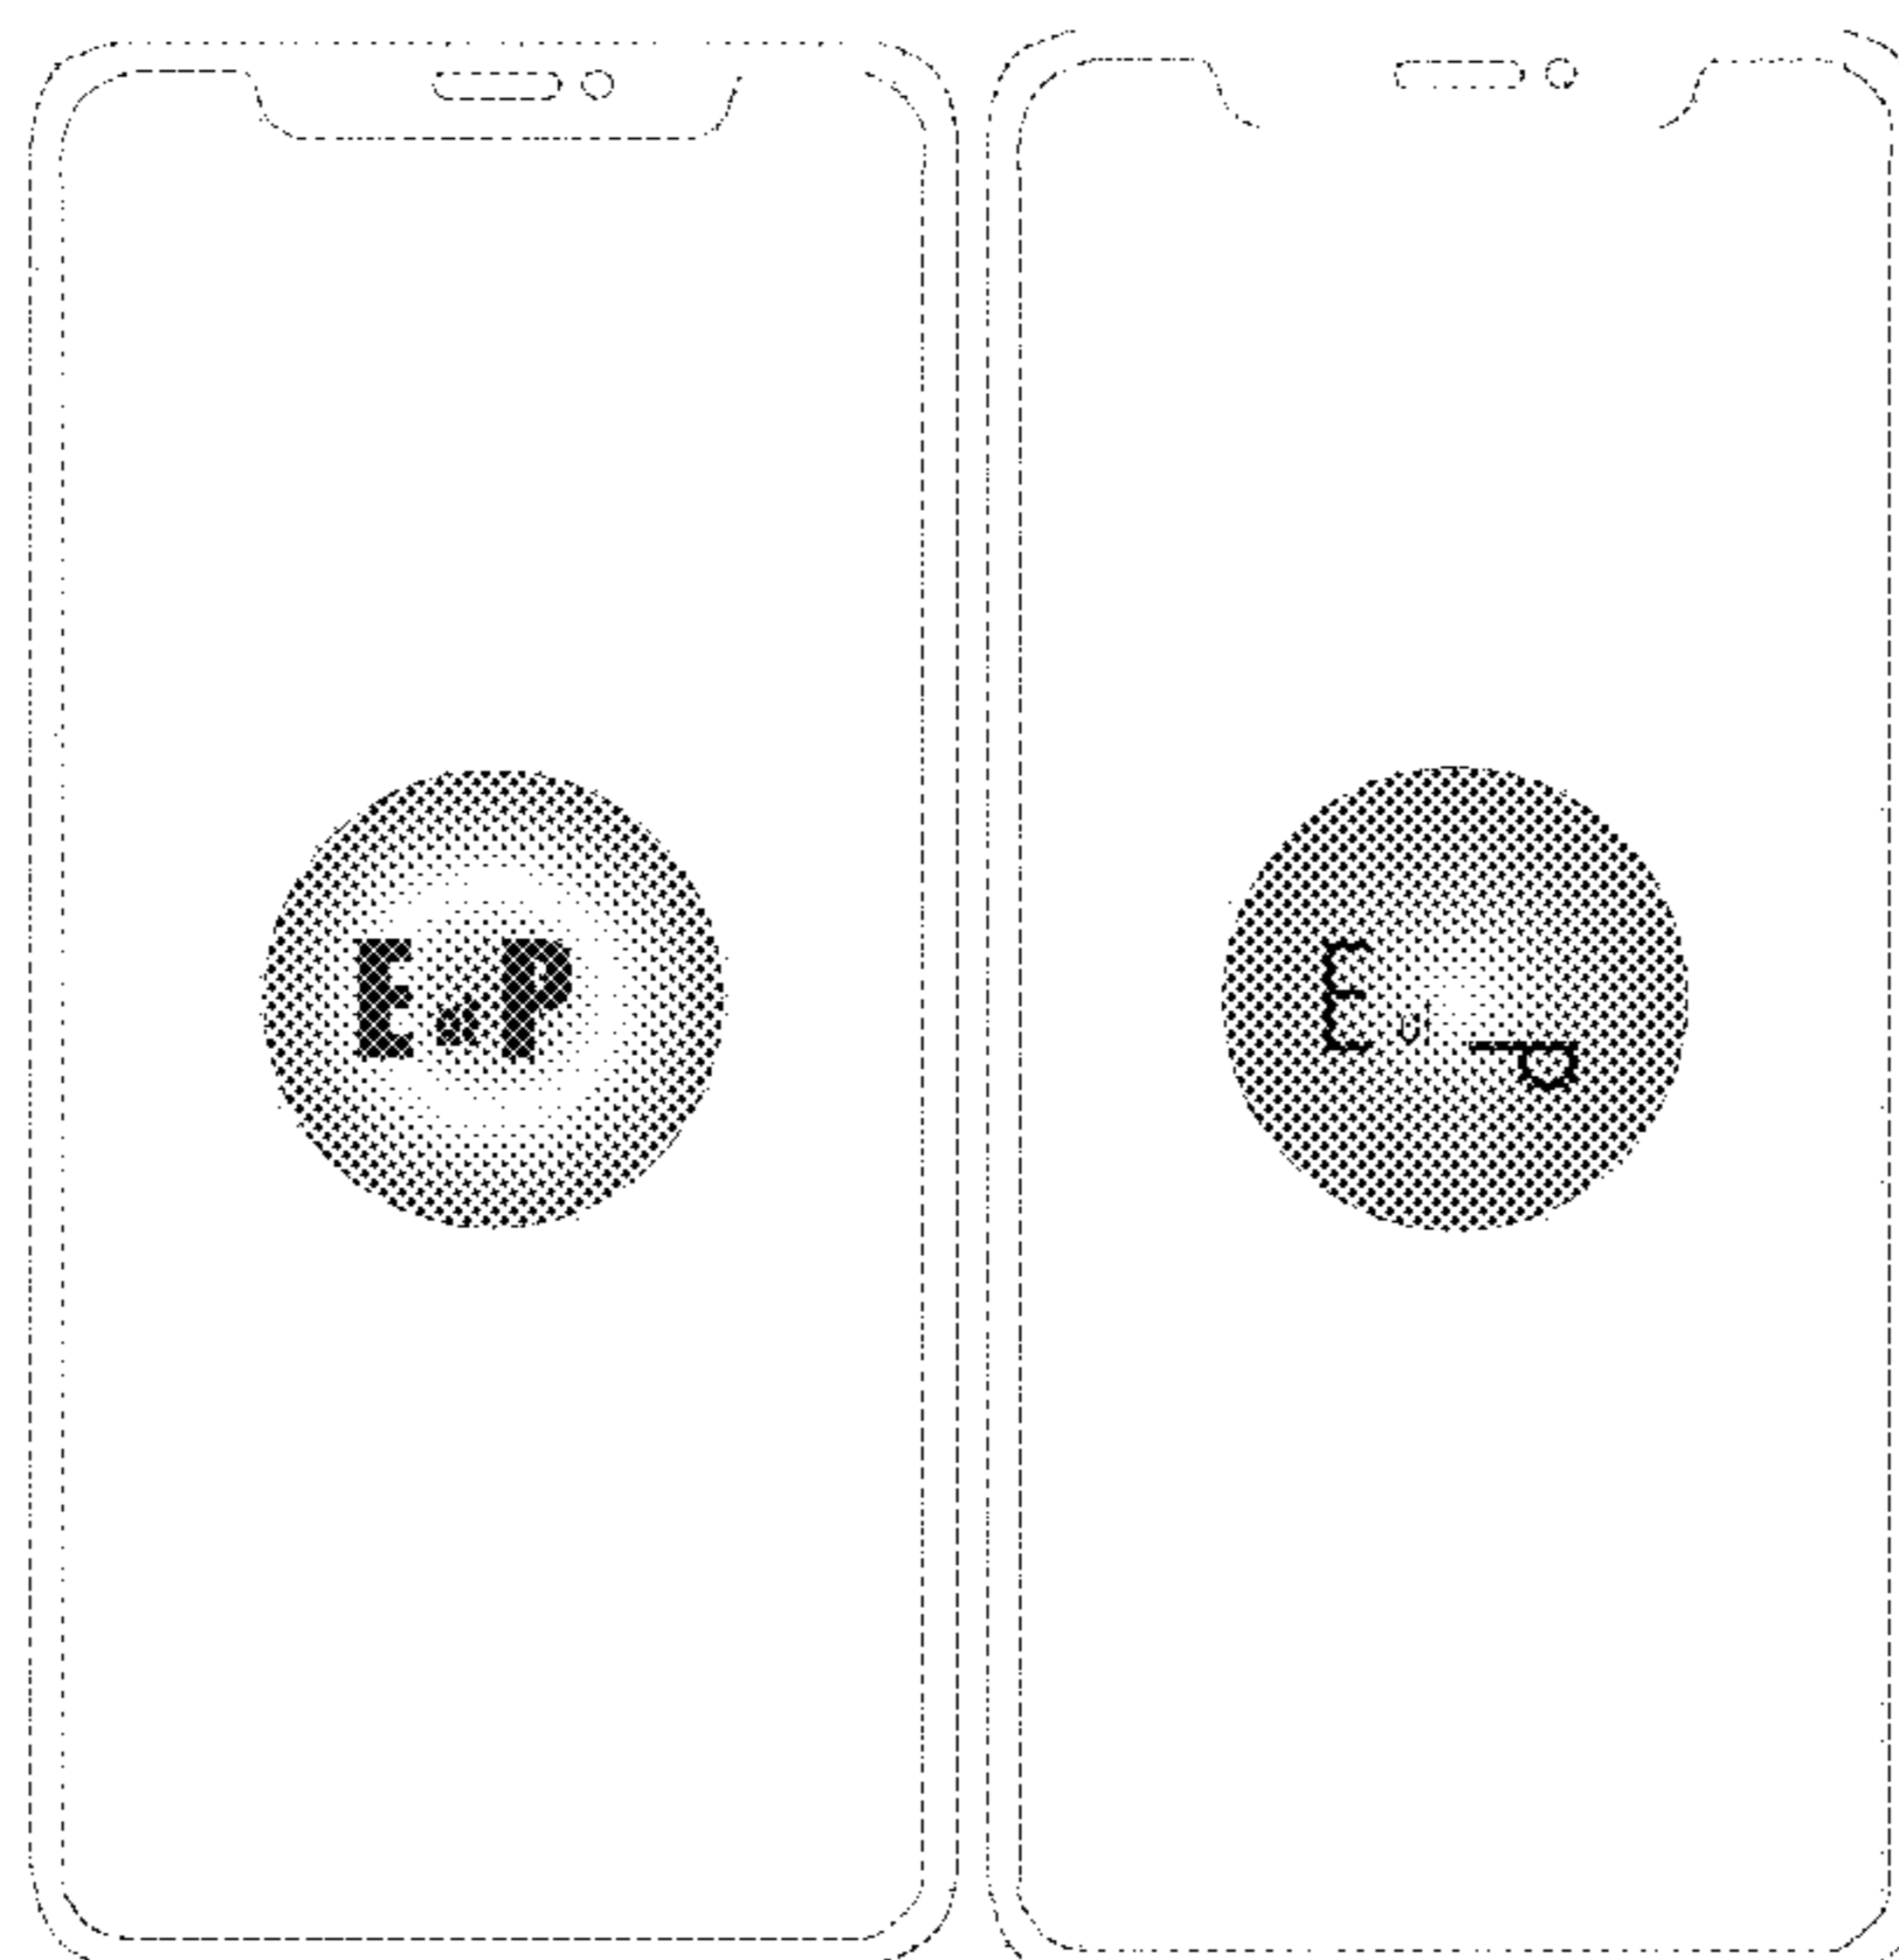

FIG. 3 shows a third image thereof; and,

FIG. 4 shows a fourth image thereof.

The outer broken lines show a mobile phone and display screen for the purpose of illustrating environmental structure and form no part of the claimed design.

The appearance of the animated graphical user interface transitions sequentially between the images shown in FIGS. 1-4. The process or period in which one image transitions to another forms no part of the claimed design.
