(57) **CLAIM**

The ornamental design for a mobile phone with graphical user interface, as shown and described.

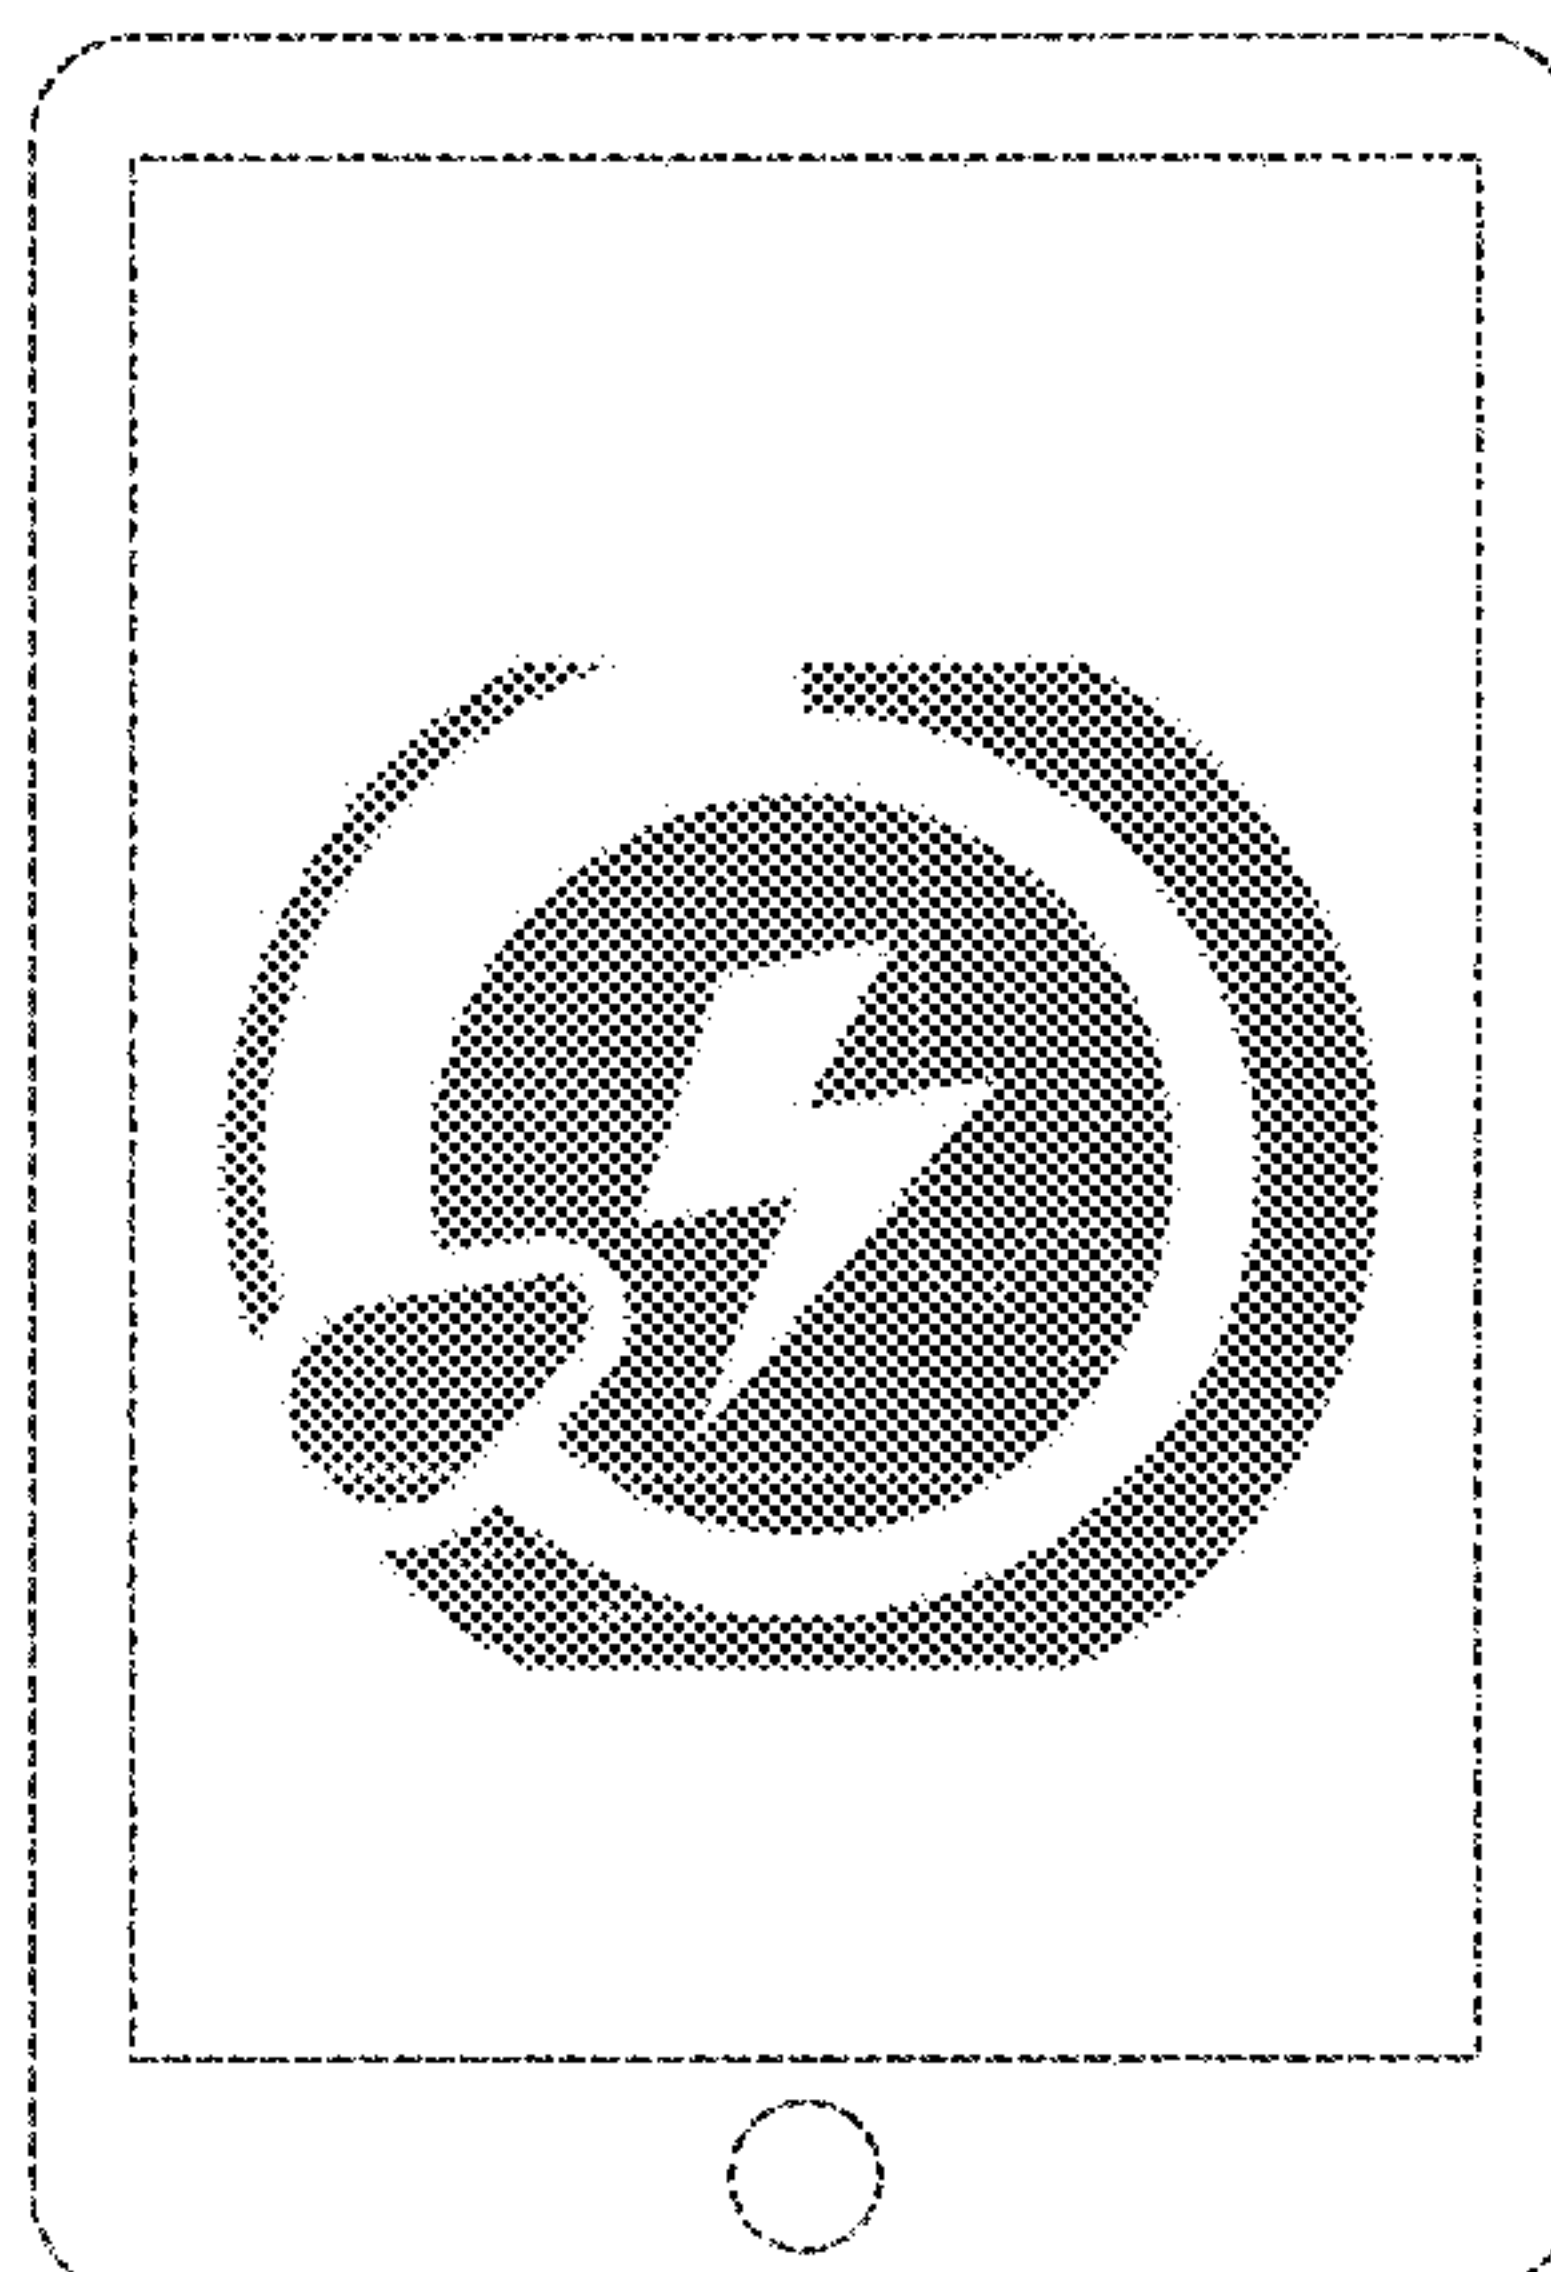

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a mobile phone with graphical user, showing our new design.

The inner broken-line rectangle depicts the display screen of a mobile phone and forms no part of the claimed design. The remaining broken lines depict portions of a mobile phone and form no part of the claimed design.
