DESCRIPTION

FIG. 1 is a top plan view of a first embodiment of a solar panel, showing our new design; and, FIG. 2 is a top plan view of a second embodiment of a solar panel, showing our new design. The broken lines in the Figures depicting substantially-rectangular, individual solar cells on a top surface of the solar panel form no part of the claimed design. The vertical broken line clusters on the top surface of the solar panel depict unclaimed elements.
