(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of a first embodiment of a display screen with graphical user interface showing our new design; and,

FIG. 2 is a front elevation view of a second embodiment of a display screen with graphical user interface showing our new design.

The broken lines of uneven length show the display screen and form no part of the claimed design. The broken lines of even length illustrate portions of the display screen with graphical user interface that form no part of the claimed design.

1 Claim, 2 Drawing Sheets

FIG. 1
