(57) CLAIM

The ornamental design for a slow feed bowl with substantially rectangular exterior, as shown and described.

DESCRIPTION

FIG. 1 is an isometric perspective view of a slow feed bowl with substantially rectangular exterior in accordance with our design;

FIG. 2 is a front elevation view of slow feed bowl with substantially rectangular exterior; the rear elevation view being identical to the front elevation view of the first embodiment of the slow feed bowl with substantially rectangular exterior;

FIG. 3 is right side elevation view of the slow feed bowl with substantially rectangular exterior; the left side elevation view being identical to the right side elevation view of the slow feed bowl with substantially rectangular exterior;

FIG. 4 is a top, plan view of the slow feed bowl with substantially rectangular exterior;

FIG. 5 is a bottom, plan view of the slow feed bowl with substantially rectangular exterior;

FIG. 6 is a cross-section taken along line 6-6 of FIG. 4;

FIG. 7 is a cross-section taken along line 7-7 of FIG. 4;

FIG. 8 is a top perspective view of the slow feed bowl with substantially rectangular exterior; and,

FIG. 9 is a top perspective view of the slow feed bowl with substantially rectangular exterior shown in use.

The broken lines illustrate portions of the slow feed bowl with substantially rectangular exterior and the environment thereof which form no part of the claimed design.

The dot-dot-dash broken lines define the bounds of the claimed design and form no part of the claimed design.
