(57) **CLAIM**

The ornamental design for a microbiologically interactive growth platform, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a microbiologically interactive growth platform showing my new design;
FIG. 2 is a top plan view thereof;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a front elevation view thereof, the rear being the same in appearance; and,
FIG. 5 is a right-side elevation view thereof, the left side being the same in appearance.
The broken lines in the drawings depict environmental subject matter and form no part of the claimed design.
