(57) **CLAIM**

The ornamental design for a tire tread, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire including the tire tread of the present application taken from the front and side of the tire;

FIG. 2 is a front view thereof;

FIG. 3 is a side view thereof, the opposite side being identical;

FIG. 4 is an enlarged partial, perspective view taken from the front and side thereof;

FIG. 5 is an enlarged, partial front view thereof;

FIG. 6 is a further enlarged, partial front view thereof; and,

FIG. 7 is an enlarged, partial side view thereof.

On each side of the tire, the broken line nearest the tire tread forms a claim boundary; all other broken lines depict subject matter that forms no part of the claimed tire tread design. Likewise, the tire interior forms no part of the claim. The tread pattern is understood to repeat uniformly throughout the circumference of the tire.

1 Claim, 7 Drawing Sheets
