(57) **CLAIM**

The ornamental design for a follow plate for cartridge for lubricant feeder, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a follow plate for cartridge for lubricant feeder showing my new design;  
FIG. 2 is a front view thereof, a rear view being identical to the front view thereof;  
FIG. 3 is a right side view thereof, a left side view being identical to the right side view thereof;  
FIG. 4 is a top view thereof;  
FIG. 5 is a referential cross-sectional view thereof, sectioned horizontally at the center of FIG. 4;  
FIG. 6 is a referential cross-sectional view thereof, in which the follow plate is provided in a cartridge;  
FIG. 7 is a bottom view thereof; and,  
FIG. 8 is an enlarged referential view of a part of FIG. 2. The parts shown by means of broken lines in the follow plate for cartridge for lubricant feeder are not part of the claimed design.
