(57) **CLAIM**

The ornamental design for a transducer for treatment tool
used in surgery, as shown and described.

DESCRIPTION

FIG. 1 is a front, top, right-side perspective view of the
transducer for treatment tool used in surgery;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a left-side elevational view thereof;

FIG. 5 is a right-side elevational view thereof;

FIG. 6 is a top plan view thereof; and,

FIG. 7 is a bottom plan view thereof.

The broken lines depict parts of the transducer for treatment
tool used in surgery that form no part of the claimed design.
