(57) **CLAIM**

I claim the ornamental design for a multiple chamber product pod, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of a multiple chamber product pod showing the new design. FIG. 2 is a top view of the multiple chamber product pod of FIG. 1.

FIG. 3 is a front view of the multiple chamber product pod of FIG. 1.

FIG. 4 is rear view of the multiple chamber product pod of FIG. 1.

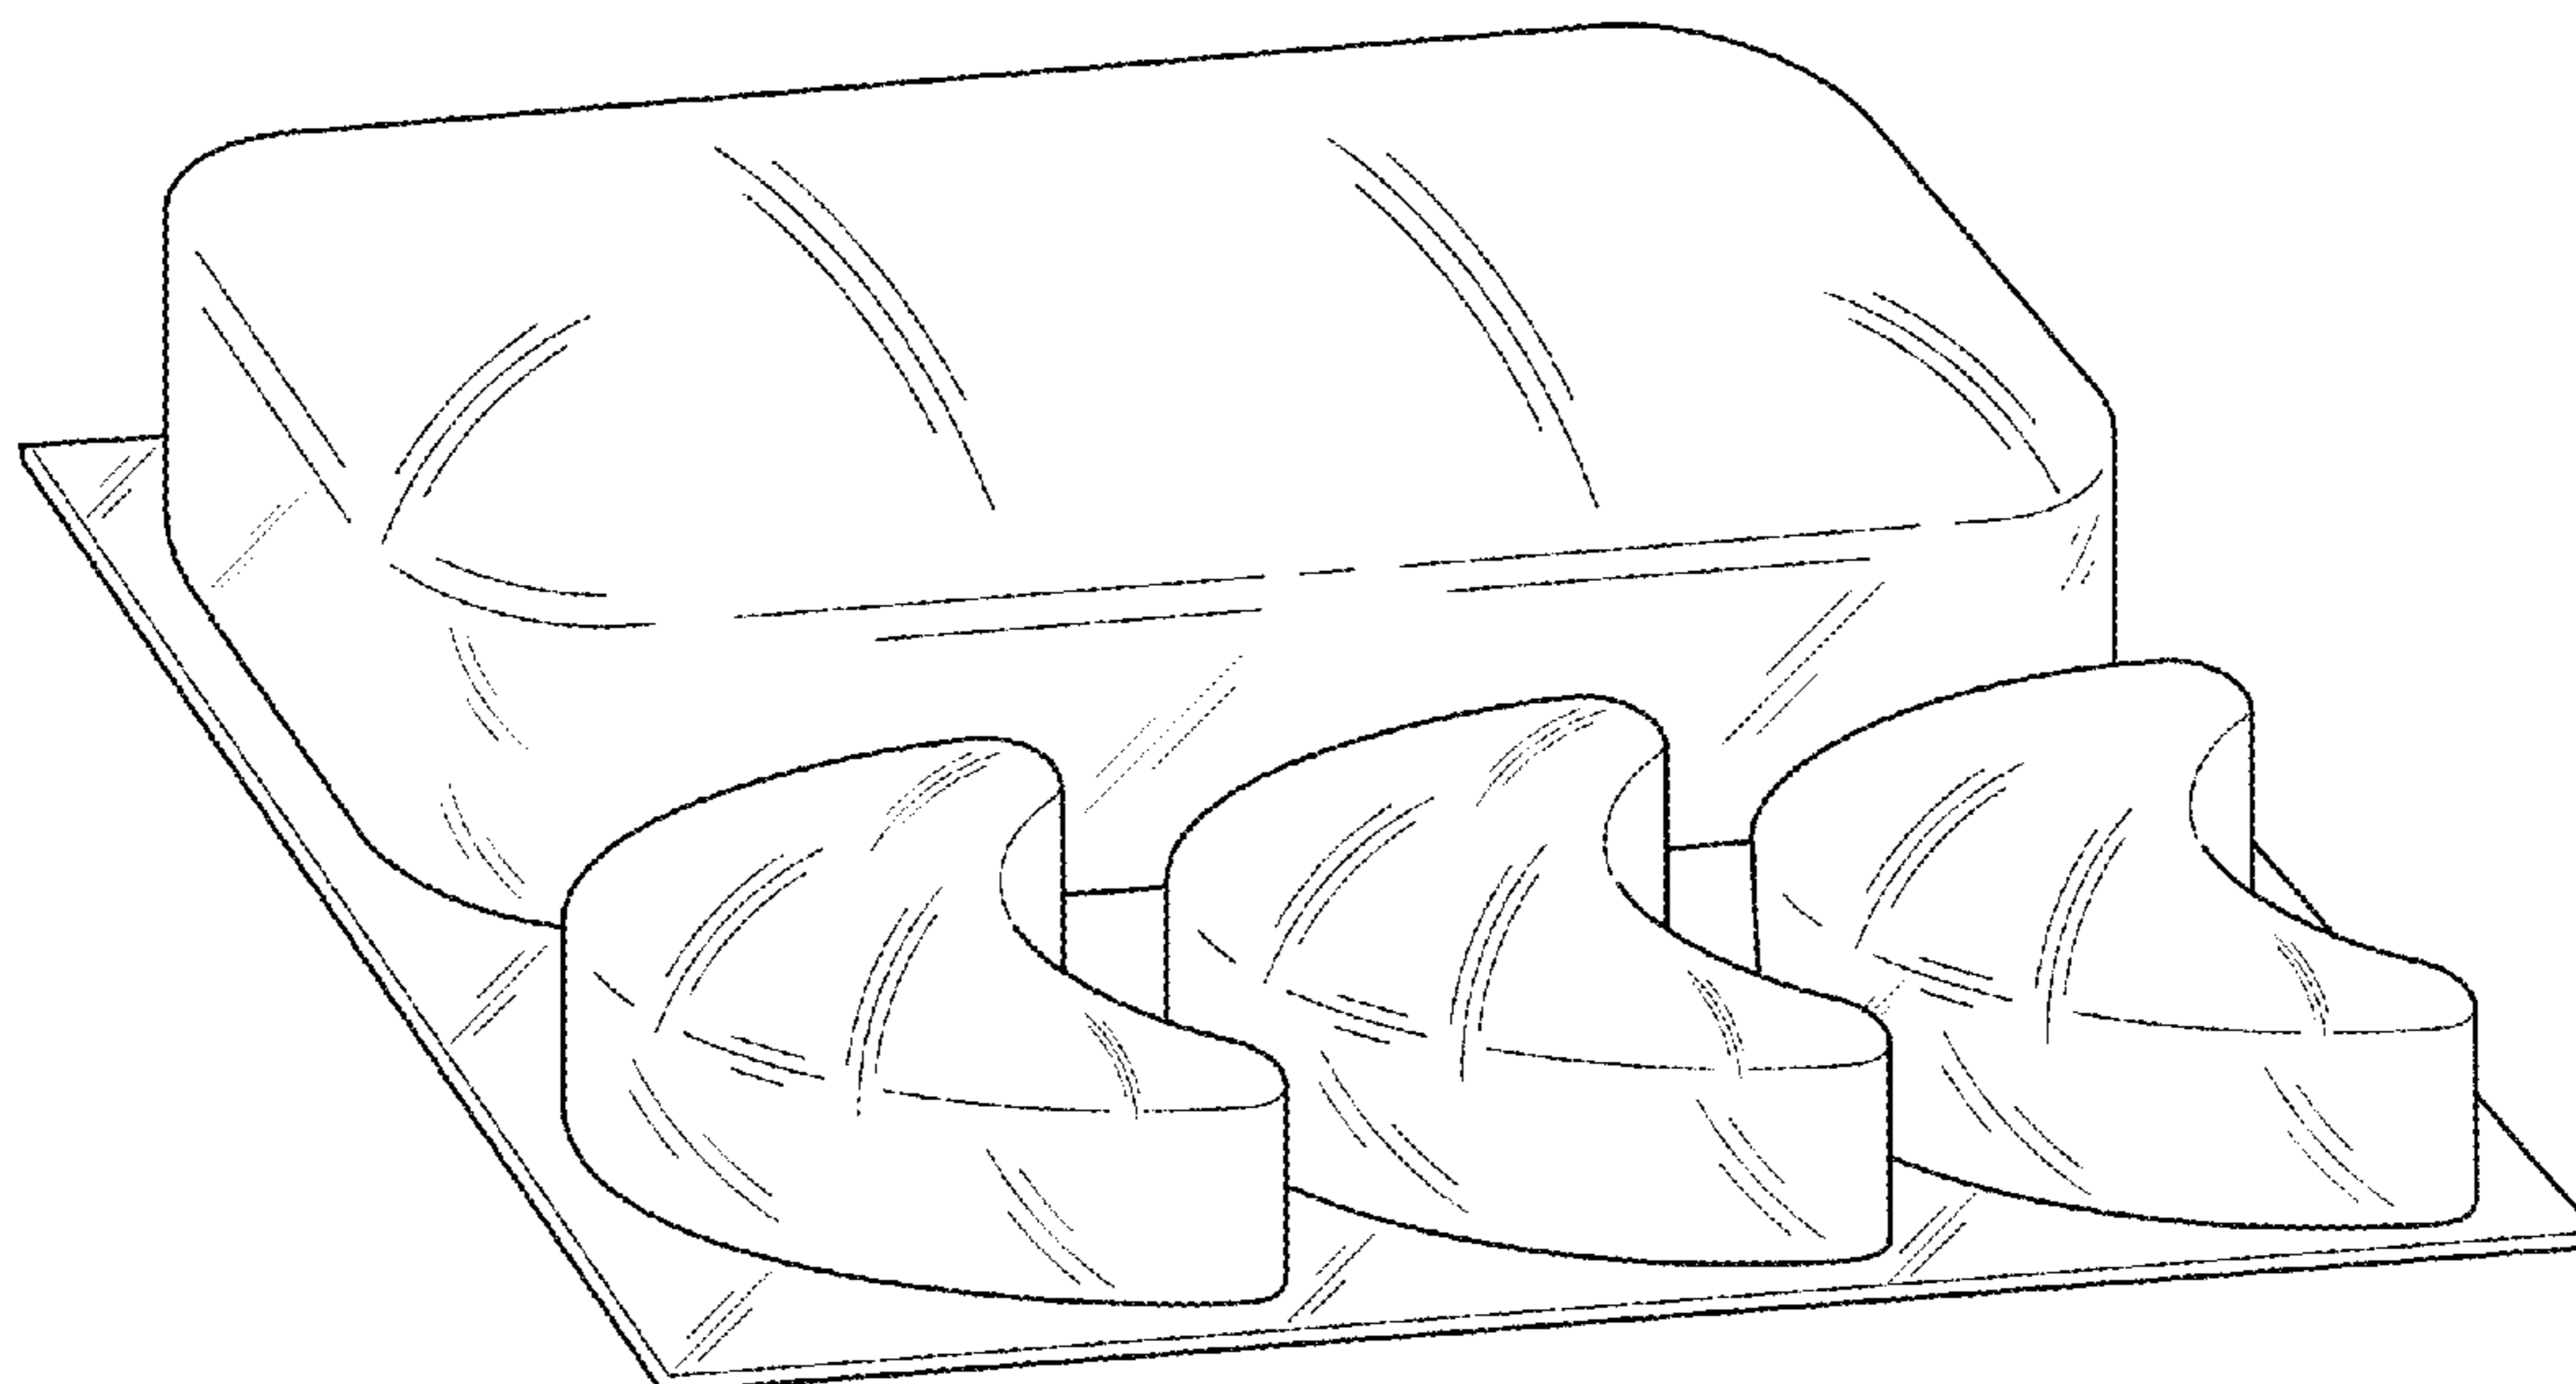

FIG. 5 is a right side view of the multiple chamber product pod of FIG. 1; and,

FIG. 6 is a left side view of the multiple chamber product pod of FIG. 1.

The bottom views are not shown because the bottoms of the first and second embodiments are flat and devoid of any surface ornamentation.

In these drawings, the line shading represented by the closely spaced alternating short lines and long lines are used to indicate a transparent or translucent surface.

1 Claim, 2 Drawing Sheets
